Design By Ikea A Cultural History:

Design by IKEA Sara Kristoffersson, 2014-10-23 Sara Kristoffersson's compelling study provides the first sustained critical history of IKEA. Kristoffersson argues that the company's commercial success has been founded on a neat alignment of the brand with a particular image of Swedish national identity one that is bound up with ideas of social democracy and egalitarianism and its material expression in a pared down functional design aesthetic. Employing slogans such as Design for everyone and Democratic design, IKEA signals a rejection of the stuffy, the chintzy and the traditional in both design practices and social structures. Drawing on original research in the IKEA company archive and interviews with IKEA personnel, Design by IKEA traces IKEA's symbolic connection to Sweden through its design output and its promotional materials to examine how the company both promoted and profited from the concept of Scandinavian Design.

Faces of Swedish Design, 1988 Encyclopedia of World's Fairs and Expositions John E. Findling, Kimberly D. Pelle, 2008 This encyclopedia contains individual histories of each of the nearly 100 World's Fairs and expositions held in more than 20 countries since 1851. This revised and updated second edition of the book originally published as *A Historical Dictionary of World's Fairs and Expositions* in 1990 includes new entries including essays on the World's Fairs that will be held in Zaragoza, Spain in 2008 and in Shanghai, China in 2010. Many of the original essays have been revised and expanded. The topics covered include goods, tourism, architecture, art and culture, and exhibition fatigue. Each fair history includes its own annotated bibliography which provides, when possible, the location of relevant primary sources and comments on the quality of secondary sources. Several appendices provide information on the Bureau of International Expositions as well as fair statistics, fair officials, fairs that did not qualify for inclusion, and fairs that were planned but never held. The book includes a foreword by Vicente G. Loscertales, the secretary general of the Bureau of International Expositions.
