India's Democracy Dr. Samir Mukhopadhyay, 2023-02-01 The dreamers of building up a democratic polity in our country drafted a constitution to come into effect after the attainment of long cherished independence. India's Constitution was designed after the western model of liberal democracy. It is a representative democracy where the ability of the elected representatives to exercise decision making power is regulated by the rule of law. Liberal democracy is committed to the protection of the rights and freedoms of individuals. Indian Constitution incorporated fundamental rights justice liberty equality and tolerance between and among widely differing political views and maintaining social and political pluralism which are essential ingredients of a liberal democracy. The shamelessness of most Indian politicians happens to be the shackles to the growth of Indian politics on the democratic track worth the name.
