

Onboarding vs Orientation:

Key Differences

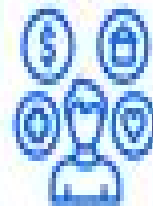

TIMINGS

Typically, orientation happens on a new employee's first day, whereas onboarding is a much longer process that continues beyond the first day.

GOALS

Onboarding is a longer, more structured process aimed at empowering new recruits with the tools, resources, and knowledge while orientation is aimed at introducing the new hire to their colleagues and managers.

BENEFITS

Onboarding usually generates higher employee engagement and can boost retention rates. Orientation can help alleviate first-day anxiety and make the new employee feel welcome and valuable.
