ETDP SETA Scarce & Critical Skills Guide 2010/11, Drum, 2007 How Late Is Too Late? Laura Owen, Eric Bettinger, Bridget Terry Long, Phil Oreopoulos, 2013 Despite increases in postsecondary enrollment at American universities and colleges there are still significant gaps in who matriculates to college and persists through graduation Low income students and students of color continue to be underrepresented in institutions of higher education for many of these students a lack of awareness of available financial funding options remains a substantial barrier to college entry and completion This study investigates whether among students who begin the summer without firm college plans in place and who have yet to complete the Free Application for Federal Student Aid FAFSA the proactive offer and provision of individualized school counselor support leads to improved rates of FAFSA completion and timely college enrollment The research was conducted across three large urban school districts Albuquerque Public Schools APS Dallas Independent School District DISD and Denver Public Schools DPS All three districts serve predominantly low income Hispanic students Data come from the U S Department of Education s FAFSA completion database and the National Student Clearinghouse database to quantify the impact of summer outreach on FAFSA completion and college enrollment for students who graduated from high school uncommitted to attend college At the time of this report the research team is currently working with participating districts to gather the identified data so they can begin the intervention analysis looking specifically at any differences between treatment and control group for FAFSA completion and FAFSA initiations Research and evaluations will be presented at a later date

Filing the Fafsa Mark Kantrowitz, David Levy, 2014-01-31 Every year more than 20 million students and parents file the Free Application for Federal Student Aid FAFSA the gateway to federal state and school financial aid Families often worry about making costly mistakes but this step by step guide provides expert advice and insights to Maximize eligibility for student aid Avoid common errors Complete the form quickly easily and accurately Praise

for Filing the FAFSA I found Filing the FAFSA to be an up to the minute accessible and readable resource for those with a keen interest in the current federal application for student financial aid Nancy Coolidge Office of the President University of California Families need a guide that breaks down the application form into logical sections Filing the FAFSA is an important tool in removing some of the mystery surrounding the financial aid process Verna Hazen Assistant Vice President and Director Office of Financial Aid and Scholarships Rochester Institute of Technology With the plethora of information on the subject of completing college financial applications it s reassuring to find a guide that students parents and even guidance counselors can look to for useful and accurate information Carlos Adrian Associate Director Financial Aid Compliance Office of Financial Aid and Scholarship Programs Syracuse University As a long time financial aid professional I am always looking for helpful tools to assist families in understanding the sometimes overwhelming process of applying for student financial aid for college Filing the FAFSA is a tool that successfully combines the presentation of detailed information with easy to follow flow charts and summary boxes to guide families through the application process It is filled with helpful hints and is a valuable resource for families navigating the complicated world of financial aid Diane Stemper Executive Director Office of Enrollment Services Student Financial Aid Ohio State University

An Exploration of Financial Aid Application Patterns and College Access Ellie Marie Bruecker, 2021 I explore FAFSA completion within the high school context through a three essay dissertation Each study connects high school level FAFSA completion data from the Federal Student Aid Office to other federal or state datasets that allow for assessment of the impact of a variety of high school characteristics In paper 1 I examine high school level FAFSA completion nationwide investigating the relationships between a variety of school characteristics and FAFSA completion rates I also identify specific equity gaps in FAFSA completion both nationwide and at the state level These findings set a baseline for understanding trends in 12th grade FAFSA completion which do not necessarily mirror the patterns found in prior research using college student unit survey data In paper 2 I evaluate the compliance costs of the FAFSA as an administrative burden and test the efficacy of College Goal Wisconsin s FAFSA assistance events using three event study models I find small but positive associations between weekly FAFSA completion rates and having an event within the school district but this association does not extend to larger geographic areas In paper 3 I investigate the effectiveness of Louisiana s mandatory FAFSA policy on increasing college enrollment using a difference in differences research design In this analysis I consider rational choice theories and sociological cultural and ecological theories of college going which offer possible explanations as to why we might expect a mandatory FAFSA policy to improve college enrollment rates I find positive impacts on college enrollment among schools who had the lowest pre policy FAFSA completion rates when compared to schools with the highest pre policy completion rates However these positive results appear to be driven by schools with lower proportions of low income students and students of color I find that racial and socioeconomic inequities in college enrollment were maintained or increased into the post policy period Collectively these

papers add to the literature on financial aid and the FAFSA by highlighting the important role of school contexts and identifying local state and federal actions that can bolster FAFSA completion and financial aid access
