Commencement 2016/09/05

Application Deadline 2016/08/31

This course is under DSEJ Continuing Education Development Scheme 2014-2016. For more information, please refer to the back.

Description

In response to practical needs of professional development, CCE and CEM are decided to launch a one-year diploma programme in electrical engineering. The programme mainly covers a range of topics including calculus, circuit analysis, fundamental electronics, probability and statistics, engineering mathematics, and electric machines. This programme is prerequisite for the Higher Diploma in Electrical Engineering which will be launched later. The student who has completed this Diploma will be eligible to apply for the one year Higher Diploma in Electrical Engineering. The one year Higher Diploma in Electrical Engineering has six 42-hour courses in total of 252 hours. The following courses will be included: Numerical Method and Computation; Power System Analysis; Power Quality and Energy Saving; Signals and Systems; Power Electronics; Project and Field Study.

* The one year Higher Diploma in Electrical Engineering is subject to approval and sufficient number of enrolled students.

Objective

On the completion of the programme, the students will be able to:

- Have the ability to think in a critical and evaluative manner and to consider a broad perspective, in order to solve generic technical and engineering problems;
- Have a thorough ground in the fundamentals of mathematics and science in electrical and electronics engineering;
- Perform a range of electrical engineering duties with minimum supervision.

Learning Format

The diploma is built on a broad-based foundation in electrical, electronic and power engineering. Students will obtain knowledge and skills in electrical design and electrical installation, and power system analysis. Student needs to complete six 42-hour courses in part-time evening mode.

Requirement

A candidate must have passed senior high school standard or equivalent.
