Ford Federal Direct Loan Program* David P. Smole,2013-03-13 The William D Ford Federal Direct Loan DL program authorized under Title IV Part D of the Higher Education Act of 1965 HEA as amended is the primary federal student loan program administered by the U S Department of Education ED The program makes available loans to undergraduate and graduate students and the parents of dependent undergraduate students to help them finance their postsecondary education expenses The following types of loans are currently offered through the DL program Subsidized Stafford Loans for undergraduate students Unsubsidized Stafford Loans for undergraduate and graduate students PLUS Loans for graduate students and the parents of dependent undergraduate students and Consolidation Loans through which borrowers may combine multiple loans into a single loan For FY2013 ED estimates that 22.5 million loans not including Consolidation Loans totaling 120.8 billion will be made to students and their parents through the DL program Until July 1 2010 Subsidized Stafford Loans Unsubsidized Stafford Loans PLUS Loans and Consolidation Loans were also available through the Federal Family Education Loan FFEL program authorized under Title IV Part B of the HEA The SAFRA Act part of the Health Care and Education Reconciliation Act of 2010 HCERA P L 111 152 terminated the authority to make new loans under the FFEL program after June 30 2010 While new loans may no longer be made through the FFEL program approximately 289 billion in FFEL program loans are outstanding and are due to be repaid over the coming years FFEL and DL program loans are low interest loans with maximum interest rates for each type of loan established by statute Subsidized Stafford Loans are unique in that they are only available to undergraduate students demonstrating financial need With certain exceptions the federal government pays the interest that accrues on Subsidized Stafford Loans while the borrower is enrolled in school on at least a half time basis during a six month grace period

thereafter and during periods of authorized deferment Unsubsidized Stafford Loans and PLUS Loans are available to borrowers irrespective of their financial need and borrowers are responsible for paying all the interest that accrues on these loans FFEL and DL program loans have terms and conditions that may be more favorable to borrowers than private and other non federal loans These beneficial terms and conditions include interest rates that are often lower than rates that might be obtained from other lenders opportunities for repayment relief through deferment and forbearance loan consolidation and several loan forgiveness programs In the recent years numerous changes were made to the terms and conditions of DL program loans The Budget Control Act of 2011 BCA P L 112 25 eliminated the availability of Subsidized Stafford Loans to graduate and professional students for periods of instruction beginning on or after July 1 2012 and terminated the availability of certain repayment incentives for loans made on or after July 1 2012 The Consolidated Appropriations Act FY2012 P L 112 74 eliminated interest subsidies during the six month post enrollment grace period on Subsidized Stafford Loans disbursed between July 1 2012 and June 30 2014 The Moving Ahead for Progress in the 21st Century Act MAP 21 P L 112 141 lowered the interest rate from 6 8% to 3 4% on Subsidized Stafford Loans made between July 1 2012 and June 30 2013 Also for individuals who are new borrowers on or after July 1 2013 MAP 21 restricted both the period during which individuals may borrow Subsidized Stafford Loans and the period during which the in school interest subsidy may be provided to 150% of the published length of their educational program

*Choice Architecture Versus Price* Xiaoling Ang, 2016 We show that changes in choice architecture have a large effect on student loan decisions while we do not find significant effects of sizeable interest rate changes We evaluate the effect of two policies implemented in 2010 by the U S Department of Education 1 the requirement that all applicants for private student loans fill out a Self Certification Form which includes various disclosures about federal aid and 2 the prohibition of presenting a private student loan as a default option on a financial aid offer without disclosure of the relationship between the school and the creditor Using difference and difference and matching techniques on a proprietary dataset of private student loan originations from the Consumer Financial Protection Bureau and survey and administrative data from the Department of Education we show that these changes decreased private student loan originations by 33% at public four year institutions 18% at private not for profit four year institutions and 55% at four year

for profit institutions In contrast we find no consumer response when analyzing 60 basis point decrease in the price of federal Parental PLUS loans at some schools using same datasets and similar estimation techniques
