against the assessment of the teaching but also started in a concrete way the participation of students to activities dedicated to them Moreover the widespread consciousness of teaching assessment as a tool for empowering the higher education system entered the Ministry and universities agenda Even though the use of the course evaluations for intervention purposes still is limited to the most fanciful and fearless faculties and universities the process has started and it will not be easy to circumvent **RIM** ,1991 Daily Graphic Yaw Boadu-Ayeboafah,2006-05-22 **Universities Handbook** ,2014
