In line with modern training and teaching methodology, the questions are included to encourage the reader to stop and think as well as to test his knowledge in preparation for a successful CCNA/CCENT examination. The book also provides you three built-in CISCO CCNA/CCENT exams engines. The exams mimic the format on real CISCO exams. The exams are highly organized so that the reader can easily understand the concepts of the exams. To be more familiar with the real CISCO exam, each exam in this book contains only 50-60 questions. Moreover, the answers of the questions are comprehensively described so that you could understand the concepts behind each question very well and be more confident on the CISCO exam.
