King Chance's Epic Adventure Lorie Hagen, 2012-10 Chance was only two years old when the Poormans discovered him asleep on a grassy mound just outside the polluted industrial city of Littleton They searched high and low for the boy's parents but to no avail When no one claimed him they accepted him into their lives and loved him as their own Despite the Poormans kindness Chance lives a miserable life At seven years old he is small for his age the smallest boy in first grade as a matter of fact and his peers picked on him mercilessly Lonely and abandoned Chance has nothing but his size and the mysterious clay amulet that was around his neck when the Poormans found him to help him learn who his birth parents really were His circumstances seem hopeless Little does Chance know however that Mrs Poorman's strange meeting with a mysterious street merchant who clomps when he walks will change his life forever Their meeting is no coincidence Later the same merchant leads Chance through a portal to another world Chance's home world the magical place in which he was born but cannot remember As Chance explores this once peaceful land his adventures lead him to many wondrous creatures and bring him unbreakable friendships and the opportunity to fulfill his destiny to save this world from a dark and treacherous evil
