Civics Today: Citizenship, Economics, & You, Reading Essentials and Note-Taking Guide Workbook

McGraw-Hill Education, 2007-05-29 Reading Essentials and Study Guide English and Spanish Reinforce critical concepts from the text and help students improve their reading for information skills with this essential resource written 2-3 grade levels below the Student Edition A Guide to Readings in Civic Education ... Olive Thompson Cowell, 1924 **Civic Hope**

Roderick P. Hart, 2018-03-22 Civic Hope is a history of what everyday Americans say in their own words about the government overseeing their lives. Based on a highly original analysis of 10,000 letters to the editor from 1948 to the present published in twelve US cities, the book overcomes the limitations of survey data by revealing the reasons for people's attitudes. While Hart identifies worrisome trends including a decline in writers' abilities to explain what their opponents believe and their attachment to national touchstones, he also shows why the nation still thrives. Civic Hope makes a powerful case that the vitality of a democracy lies not in its strengths but in its weaknesses and in the willingness of its people to address those weaknesses without surcease. The key Hart argues is to sustain a culture of argument at the grassroots level.
