Image of the Other and the Self in the American and British press during the Gulf Crisis and War Ingrid Deweweire, 2024-10-25 The invasion of Kuwait by Iraqi troops on 2 August 1990 triggered a large scale military operation conducted by Washington as well as a huge media campaign. This study seeks to compare the American press with the British press during the Gulf Crisis and War. The main objective is to examine the journalistic discourse of opinion as developed by newspapers belonging to the so called quality press and deconstruct the ways in which this discourse was developed. This raises questions about the language adopted by editorialists and journalists and in particular about the way in which the Other enemy and allies and the Self the USA and the UK were described by the American daily papers the New York Times and the Washington Post and the British daily papers the Times and the Guardian and the Sunday newspapers the Sunday Times and the Observer during the crisis and the war. The study is based on a comparative analysis of editorials opinion articles and letters to the editor published in the selected newspapers in order to highlight subjects and themes in connection with the image of the Other and the Self and show the differences and similarities in the processing of information in both the American and British press. **Reading America** Matthew Guillen, 2007 Is there a unique visual infrastructure that keeps and defines a culture? Professor Guillen discusses a culture built entirely on the visual modality and most significantly on that province of the visual we negotiate through the written word. Although this work analyzes features critical to the American legal tradition from its origins in Anglo Saxon jurisprudence to recent Supreme Court decisions substantially exploring Judge Scalia's originalist movement and Posner's law and economics theories the presiding agency remains the power of the written language to provide scaffolding to American culture. Writing it is argued contours our worldview our laws morality science social problems and affects film media broadcasting comics and literary criticism. The effects of our national formation and the literature that sprung up to discuss the new nation and define its people have directly led to the evolution of our idiosyncratic legal and philosophical perspectives. The title of this work purposely carries a double meaning since it proposes to deal with a reading of American

culture through its legal and cultural legacy as well as concluding with questions revolving around a well informed American readership essential for the preservation of the culture as well as the continued existence of a national collective conscience

The Fictions of American Capitalism Jacques-Henri Coste, Vincent Dussol, 2020-02-26 The Fictions of American Capitalism Working Fictions and the Economic Novel introduces a new way of thinking about fiction in connection with capitalism especially American capitalism These essays demonstrate how fiction fulfills a major function of the American capitalist engine presenting various formulations of American capitalism from the perspective of economists social scientists and literary critics Focusing on three narratives fictitious capital working fictions and the economic novel the volume questions whether these three types of fiction can be linked under the sign of capitalism This collection seeks to illustrate the American economy's dependence on fictitiousness America's ideological fictions and the nation's creative literary fiction In relation to what the credit and banking crisis of 2007-2008 exposed about the unreal base of the economy the volume concludes with a call to recognize the economic humanities arguing that American fiction and American literary studies can provide a useful mirror for economists

Elm Street. L'assassinat de Kennedy expliqué François Carlier, 2012-07-26 Il y a cinquante ans exactement JFK l'un des présidents les plus charismatiques des Etats Unis était assassiné à Dallas Acte d'un individu isolé ou aboutissement d'un large complot Depuis un demi-siècle arguments et contre arguments s'affrontent pour clarifier l'un des traumatismes de l'Amérique moderne mais aussi stopper une véritable machine à fantasmes Un débat qui ne peut être exploré ou tranché sans la lecture définitive de l'ouvrage de François Carlier Elm Street l'assassinat de Kennedy expliqué qui penche quant à lui pour la thèse du tueur solitaire et qui défend ses deductions avec opiniâtreté et conviction Passionnant et rigoureux un essai mené par un spécialiste du sujet John Fitzgerald Kennedy trente-cinquième président des Etats Unis démocrate et catholique est assassiné à Dallas Texas le vendredi 22 novembre 1963 L'enquête d'une commission agréée par l'Etat la commission Warren dont les conclusions sont rendues publiques en septembre 1964 détermine qu'un homme seul Lee Oswald est coupable Depuis ce jour beaucoup d'encre a coulé nombreux contestant cette version officielle Quant à de nombreuses critiques ont été échangées un peu tort et travers De nombreuses enquêtes et contre enquêtes controverses publications de livres de débats se sont succédés

passion l'emportant bien souvent sur la raison Aujourd'hui le grand public est convaincu qu'il s'est passé quelque chose de louche qu'il y a eu un complot Mais est-ce le cas Ce livre a la prétention de donner la réponse Depuis qu'il a vu un reportage de di JFK sur FR3 en 1975 alors qu'il n'avait que huit ans François Carlier a littéralement été subjugué par cette complexe affaire mêlant politique secrets et soupçons mythes et fantasmes Puis vinrent les lectures de thèses parfois fantaisistes parfois lumineuses l'interview de personnages clés qui font de lui l'un des spécialistes français de ce fameux jour de 1963 Tout cela l'a conduit à une conclusion incontestable non il n'y avait jamais eu de complot dans l'assassinat de Kennedy Oui Oswald a bien tué seul le Président Difficile d'admettre peut-être mais la vérité s'impose toujours Comment Tout d'abord par la recherche d'objectivité absolue grâce à un esprit critique scientifique rigoureux Puis il s'agit de repérer et éliminer les contre-arguments Ne plus se contenter de présenter les différentes thèses oser dire si elles sont valables ou pas Et enfin donner des réponses en tant que le plus neutre possible pour que le lecteur lui-même se fasse sa propre opinion Arriverez-vous à la même conclusion Un débat s'annonce qui ne trouvera peut-être jamais d'issue définitive et convaincante pour chacun

L'assassinat de Kennedy expliqué François Carlier, 2023-12-15 L'assassinat de Kennedy explique cherche à terminer la vérité dans l'affaire de l'assassinat de John Kennedy le 22 novembre 1963 Dallas en étudiant le dossier complet de façon scientifique et raisonnée et en séparant les faits de la fiction Ce livre est un réel argument d'ordre de toute spéculation Convaincu que l'application de l'esprit critique et l'honnêteté permettent de parvenir à la vérité dans cette affaire l'auteur défend la version officielle il n'y a pas eu de conspiration pour assassiner Kennedy Ce fut l'action d'un seul homme pris d'un coup de folie La culpabilité de Lee Oswald est un fait indiscutable Le dire est un devoir
