City Of Dis:

City of Dis Randall James Tyrone, 2025 Randall James Tyrone's debut collection *City of Dis* is a searing exploration of contemporary existence intertwined with medieval notions of damnation invoking Dante's *Inferno* to craft a modern day epic. Doubling as a novel in verse *City of Dis* follows the unnamed protagonist as they navigate a cityscape that is both a circle of hell and also the urban sprawl of 21st century America. Amidst the cacophony of sirens, construction, and hurricanes fueled by climate change, Tyrone weaves a tapestry where pop culture, late stage capitalism, and the daily struggles imposed by inequities of race and class in this urban inferno collide with arcane theology, existential dread, and something like divine comedy. Through forms ranging from epistolary to litany, Tyrone's speaker charts every chaotic inch of this dystopian landscape, encountering Dante himself as they confront the personification of Suicide. *City of Dis* stands not only as a vivid critique of modern society but also as a haunting testament to resilience in the face of spiritual and environmental decay.

Here myth becomes lived reality, and one is forced to take pause and ask what and where indeed are the true powers that enable humans to inhabit the modern city. Charles H.
