Competing for Caesar Chammah J. Kaunda, Marja Hinfelaar, 2020-11-03 *Competing for Caesar* brings together for the first time key scholars working on various issues related to religion and public life in Zambia. They explore the interplay between religion and politics in Zambian society and how these religions manage and negotiate their identities in public life. This book analyzes recent religious dynamics in the nation's political life and considers what constructive role religion could play to promote an alternative political vision to subvert neo colonialism. *Competing for Caesar* carries forward a unique commitment on the part of Fortress Press to engage with the challenges and opportunities of Christianity in the Global South. The book will be of interest to scholars, professors and students in a wide range of fields. Social Studies in African Education Michael Bamidele Adeyemi, 2000 *The Impact of the United Nations Human Rights Treaties on the Domestic Level: Twenty Years On* Christof Heyns, Frans Jacobus Viljoen, Rachel Murray, 2024-02-19 This collection of chapters tracks and explains the impact of the nine core United Nations human rights treaties in 20 selected countries, four from each of the five UN regions. Researchers based in each of these countries were responsible for the chapters in which they assess the influence of the treaties and treaty body recommendations on legislation, policies, court decisions and practices. By covering the 20 years between July 1999 and June 2019, this book updates a study done 20 years ago. *The National Bibliography of Zambia*, 2010 *Annual Report Zambia. Human Rights Commission*, Annual Report Zambia. Permanent Human Rights Commission, 2008 **Decolonizing Educational Knowledge** Ann E. Lopez, Herveen Singh, 2024-06-03 This volume explores theories and practices of decolonizing education, drawing on international perspectives from scholars across the globe to engage new knowledges and build solidarities across different spaces. Decolonization is an ongoing process in which educators, community members and practitioners alike have a stake in challenging Eurocentric paradigms and ways of knowing. The book showcases the contributions of praxis-oriented scholars and practitioners who seek to engage in decolonizing praxis that unsettles educational norms, forging new ways of thinking about teaching, learning and leadership.

Ministry of Education, 1969 Civic Education in Syllabus 21 Marc Rüdisüli, 2017 In order to ensure a well-functioning democracy, it is necessary that citizens are able to participate properly in the political process. This is of particular importance in a semi-direct democracy with the right of initiative and referendum. Both in politics and in a society, there is a diversity of opinions and interests. In order to find a solution, the ability to negotiate is essential. Civic education aims to give an introduction to the processes of negotiation and thus empower citizens to engage competently in democratic communities and societies. However, civic education is neglected in schools. The harmonisation of the curricula in German-speaking Switzerland has led to Syllabus 21, which also deals with civic education. Its implementation

in Syllabus 21 is the main topic of this paper The theoretical background allows the reader to understand the term civic education as well as Syllabus 21 With the help of experts the implementation of civic education is analysed problems are identified and a conclusion is drawn This paper aims to provide an overview of civic education in Syllabus 21

Themes in Civic Education (Book 1) Maro Kigho-Oyolo, 2021-05-07 This book is a response to the introduction of Civic Education to Schools in Nigeria and the need for a comprehensive text on the subject Themes in Civic Education Book one is a well researched text that is in accordance with the Nigerian government approved syllabus for Senior Secondary Schools Nonetheless it is robustly written to give the reader an all encompassing understanding of the topics treated The approach adopted will also be appealing even to students in tertiary institutions across Nigeria It is basically a study text Each chapter begins with a list of topics and sub topics to be expected in the body of the work There is also a study outcome session that is meant help the student to fix in mind the objective of each chapter The realization that no subject can be adequately understood unless a person understands the vocabulary used has led to the inclusion of terms to know session at the beginning of each session The essence is to help the reader to be thoroughly familiar with the vocabulary of each chapter It would do a lot of good for the student to note such words Another advantage of the terms to know session is that it helps to improve the student s general vocabulary Another feature of this text is that each chapter ends with a summary and review questions that are meant to test the student understanding of each chapter It is my hope that all students and Teachers of Secondary Schools across Nigeria will find this text a very useful study and resource material Students in tertiary institutions who take elective courses that deals with the themes covered in this book will also find it very enlightening Find below the topics covered in this volume
