The Learning Skills Cycle William R. Klemm,2017-03-01 This book s ideas demonstrate how students are not adequately taught the learning skills necessary for superior academic achievement The major reason schools are failing is that there is less emphasis on teaching students how to learn the focus is on what to learn instead This book provides teachers and parents with many concepts and tactics that they can use to teach children how to learn more efficiently and effectively This book identifies and explains those skills and frames them as interacting in a mutually interacting and reinforcing cycle that I call the Learning Skills Cycle
