Civil Society Organization Authority Working Manual:

Civil Society and Government Institutions in Armenia Valentina Gevorgyan, 2024-05-09 The book provides an understanding of the three decades of Armenia's young history from the perspective of relations between civil society and government institutions. It explores the intricate dynamics between the two entities by explaining the patterns of relations since 1991 to present. The book offers a comprehensive exploration for understanding the state-society relations and also delves into the historical backdrop of the region. Drawing on the latest data, the author examines real-world practices exemplifying relational variations and the opportunity structures for Armenia to progress by means of its civil society.
