and David Krashna's book is a revised edition of a 2014 publication. With a few exceptions the stories of these graduates are told in their own words in the form of essays on their experiences at Notre Dame. The range of these experiences is broad: joys and opportunities but also hardships and obstacles are recounted. Notable among several themes emerging from these essays is the importance of leadership from the top in successfully bringing African Americans into the student body and enabling them to become fully accepted, fully contributing members of the Notre Dame community. The late Rev. Theodore Hesburgh, president of the university from 1952 to 1987, played an indispensable role in this regard and also wrote the foreword to the book. This book will be an invaluable resource for Notre Dame graduates, especially those belonging to African American and other minority groups, specialists in race and diversity in higher education, civil rights historians, and specialists in race relations.
