Markus Bierkoch, 2024-12-02 Migration has been one of the most pressing societal issues throughout history Immigrant associations play a crucial role in understanding this phenomenon They channel migration streams influence the assimilation of their members and serve as representatives of the entire immigrant group in society However they remain an understudied subject particularly in historical research To address this gap this study examines German immigrant associations in New York from the 1890s to the 1930s Through an innovative combination of statistical and textual analyses it explores the class composition of these associations their intricate system of mutual aid and their political activities This study offers insights into how specific socio economic motivations influenced immigrant organization and collective action including aspects such as long distance nationalism and cross border ethnic identity Ultimately based on these findings this study demonstrates that immigrant associations played a crucial role in helping their members adapt to a new social and economic environment Additionally it shows why and how immigrant associations significantly shaped the image of German immigrants in American social and political life *Specimens of American Annuals, Directories, Reports, Etc* ,1872

American Newspaper Directory ,1872 **New York Vertical** Horst Hamann, 2001 Some people may mistakenly overlook this book because of the novelty of its central idea upending a panoramic camera to shoot New York City vertically But veteran photographer Horst Hamann s pictures have nothing gimmicky about them in fact like Berenice Abbott s they seem destined for New York City photo immortality The pictures are beautifully controlled in vision in camera technique and in printing What s more Hamann bends the city to his vision of light air and geometry A shot of the Statue of Liberty s right arm holding the lamp aloft is a masterwork of composition and care It s as if Hamann somehow arranged for the sea below to darken in precisely the same gradations as the Lady s stately arm Compare it to a dizzying picture of one of the Chrysler Building s shiny eagle heads or a serene moment among the hosta lilies in Trinity Church cemetery for a grasp of Hamann s range Each photograph is paired with a quotation on the opposite page such as Walt Whitman s The beautiful city the city of hurried and sparkling waters or former mayor James J Walker s quip I d rather be a lamppost in New York than Mayor of Chicago The back of the book contains information on the places in the photographs On a shelf of New York books this one might take its place next to Paul Goldberger s classic *The City Observed* as a fresh example of how New York s stone steel and glass architectural icons are reinvented with each new visionary **Catalogue of Title Entries of Books and Other Articles Entered in the Office of the Register of Copyrights, Library of Congress, at Washington, D.C.** ,1901
