Civics Jeopardy Game:

Social Civics William Bennett Munro, Charles Eugene Ozanne, 1922 So Far so Good Justyn Credible, 2017-10-04 In this humorous inspirational story of Rhonda's antics, failures, and ultimate understanding of who she was meant to be, the author's wit and Rhonda's character come to life

Civics for Today Steven C. Wolfson, 2001-02-22 To provide middle and high school students of mixed ability with a basic civics text stressing citizen participation in civic life, how government at all levels works, and how the economy operates in the world today

From Teamwork to Excellence Sid T. Womack, Shellie L. Hanna, Stephanie Pepper, Mohamed Ibrahim, Peggy Woodall, 2013-12-05 From Teamwork to Excellence: Labor and Economic Factors Affecting Educators is a great book for anyone interested in team building. In order to work as a team, educators need to know the contributions that each member of the team provides to build a successful school. They need to know what their teammates have been trained to do and which uses of their time and effort are likely to be effective. Data-based suggestions of ways to productively utilize the time of teammates are provided along with many illustrations from the authors' professional experiences. This book demonstrates how time and talent can be used effectively in the various roles found in PK-12, with one chapter addressing time management in higher education. The authors wanted to show just how much extra time and money educators give to the profession. This text could be utilized in Schools of Education as a required or optional textbook as a tool for school leaders who plan professional development as a resource to the public to better understand the world of education today

New Mexico History and Civics Lansing Bartlett Bloom, Thomas Claude Donnelly, 1933

Teaching America David J. Feith, 2011-08-11 In Teaching America, more than 20 leading thinkers sound the alarm over a crisis in citizenship and lay out a powerful agenda for reform. The book's unprecedented roster of authors includes Justice Sandra Day O'Connor, Senator Jon Kyl, Senator Bob Graham, Secretary Rod Paige, Alan Dershowitz, Juan Williams, Glenn Reynolds, Michael Kazin, Frederick Hess, Andrew Rotherham, Mike Feinberg, Seth Andrew Mark Bauerlein, and more. Their message: To remain America, our country has to give its kids a civic identity, an understanding of our constitutional system, and some appreciation of the amazing achievements of American self-government. But we are failing. Young Americans know little about the Bill of Rights, the democratic process, or the civil rights movement. Three of every four high school seniors aren't proficient in civics; nine of ten can't cut it in U.S. history, and the problem is only aggravated by universities' disregard for civic education. Such civic illiteracy weakens our common culture, disenfranchises would-be voters, and helps poison our politics.
