

Civil Liberties and Civil Rights

Test Study Guide

AP Gov – Mr. Crane

Key Points

- Understand that the Bill of Rights are the rights and freedoms found in the first ten amendments to the United States Constitution.
- Be able to identify the rights and freedoms found in the Bill of Rights, and be able to match them with the amendments they are found in. For example, know that the right to a fair and speedy trial is found in the Sixth Amendment, and the freedom from cruel and unusual punishment is found in the Eighth Amendment.
- Understand the freedom of speech. Which of the two types of speech is more protected and why? What limits to freedom of speech exist concerning clear and present danger, seditious speech, and fighting words?
- Understand the freedom of religion, including the establishment clause and the free exercise clause. Understand that one's freedom of religion is protected unless one violates laws that protect the health, safety, and morality of the community.
- Understand the freedom of the press. Why is the press so important in a democracy? Understand that the government may not censor the press in almost all cases.
- Understand the freedom of assembly. Why are protests so important in a democracy? Understand that the government cannot limit one's gatherings or one's right to join groups in almost all cases.
- Understand how search warrants, grand juries, double jeopardy, self-incrimination, due process, speedy and fair trials by jury, right to a lawyer, and calling and cross-examining witnesses relate to the guarantee of a fair trial.
- Understand the other rights and freedoms found in the Bill of Rights:
 - Freedom of petition
 - Right to bear arms
 - Freedom from quartering troops
 - Due process and eminent domain
 - Right to jury trial in civil cases
 - Freedom from cruel and unusual punishment
 - Freedom from excessive bail
 - Freedom from excessive fines
