Claire De Lune:

Claude Debussy's Clair de Lune Gurminder Kaur Bhogal, 2018-07-02 Debussy himself had little regard for Clair de Lune and scholars have thus far followed suit until now Claude Debussy's Clair de Lune is the first book wholly dedicated to an historical cultural and analytical investigation of the French composer's famous composition for piano Author Gurminder Kaur Bhogal explores why over any other piece in Debussy's repertoire for piano Clair de Lune achieved stardom in the decades following the composer's death and how as the third movement of the Suite Bergamasque it managed to almost fully eclipse the other movements Drawing on a broad range of excerpts from classical and popular music commercials film and video games Bhogal examines the various ways in which listeners have engaged with the piece She also places it in its proper artistic context through analysis alongside the poetry of Paul Verlaine and the paintings of Jean Antoine Watteau A wide range of aural visual and video examples energize the narrative and demonstrate how Clair de Lune has come to achieve an iconic status within and beyond Debussy's oeuvre *Clair de Lune.
