Encyclopedia of Business and Professional Ethics Deborah C Poff, Alex C. Michalos, 2023-05-24 This encyclopedia edited by the past editors and founder of the Journal of Business Ethics is the only reference work dedicated entirely to business and professional ethics. Containing over 2000 entries, this multi-volume major research reference work provides a broad-based disciplinary and interdisciplinary approach to all of the key topics in the field. The encyclopedia draws on three interdisciplinary and overlapping fields: business ethics, professional ethics, and applied ethics, although the main focus is on business ethics. The breadth of scope of this work draws upon the expertise of human and social scientists as well as that of professionals and scientists in varying fields. This work has come to fruition by making use of the expert academic input from the extraordinarily rich population of current and past editorial board members and section editors of and contributors to the Journal of Business Ethics. **Business and Professional Ethics Journal**, 2018 **Business & Professional Ethics** Leonard J.
