The Power of Passive Investing Richard A. Ferri, 2010-11-04 A practical guide to passive investing Time and again

individual investors discover all too late that actively picking stocks is a loser's game. The alternative lies with index funds. This passive form of investing allows you to participate in the markets relatively cheaply while prospering all the more because the money saved on investment expenses stays in your pocket. In his latest book investment expert Richard Ferri shows you how easy and accessible index investing is. Along the way he highlights how successful you can be by using this passive approach to allocate funds to stocks, bonds, and other prudent asset classes. Addresses the advantages of index funds over portfolios that are actively managed. Offers insights on index-based funds that provide exposure to designated broad markets and don't make bets on individual securities. Ferri is also author of the Wiley title *The ETF Book* and co-author of *The Bogleheads Guide to Retirement Planning*. If you're looking for a productive investment approach that won't take all of your time to implement, then *The Power of Passive Investing* is the book you need to read.

Index Fund Investing Charlie Evans, 2019-06-20 If you are looking for a one-stop shop about index investing, you have found the right book. Developed in 1976 by John Bogle, index funds have become one of the more popular ways to invest in your future. While Bogle worried that investors wouldn't dive into the Vanguard 500 index fund at the beginning, he quickly found out how hot index funds would become. Within 30 years, the market held nearly 300 different indexes. But what exactly is this new phenomenon in the investing world? The answer to this question is in this book. Throughout the book, you will not only learn what an index fund is, but you will read about some of the hottest indexes on the market. You will receive tips about index investing from investing guru Warren Buffett and others. You will learn about the advantages to index investing, the disadvantages, and what mistakes you should watch out for as you begin your index investing journey. This isn't just any book on the market about index investing. This is a guide which can give you some of the best advice, information, and resources to help you get closer to hitting the buy button on your first index fund. Start investing for your future with this book today.

Mutual Fund Industry Handbook Lee Gremillion, 2012-06-22 The Mutual Fund Industry Handbook is a remarkably important work. I am profoundly impressed by the broad and comprehensive sweep of information and knowledge that this book makes available to industry participants, college and business school students, and anyone else with a serious interest in this industry. From the Foreword by John C. Bogle, President, Bogle Financial Markets Research Center, Founder, and former chief executive, The Vanguard Group. A Foreword by John C. Bogle, founder of The Vanguard Group and one of the most respected leaders in the mutual fund industry, sets the stage for this authoritative book that explains the complexities of the phenomenal industry in simple terms. Investors like the fact that mutual funds offer professional management, easy diversification, liquidity, convenience, a wide range of investment choices, and regulatory protection. Mutual Fund Industry Handbook touches on all of those features and focuses on the diverse functions performed in the day-to-day operations of the mutual fund industry. You'll learn about front-office functions (analysis, buying, and selling), back-office functions (including settlement, custody, accounting, and reporting), commission structures, front-end loads, back-end loads, or level loads.
