## **Business Ethics Decision Making For Personal Integrity:**

**Business Ethics** Laura P. Hartman, Joseph R. DesJardins, Laura Hartman, Chris MacDonald, 2023-02-07 We began writing the first edition of this textbook in 2006 soon after a wave of major corporate scandals had shaken the financial world. Headlines made the companies involved in these ethical scandals household names: Enron, WorldCom, Arthur Andersen, KPMG, J.P. Morgan, Merrill Lynch, Morgan Stanley, Citigroup, Salomon Smith Barney. At that time we suggested that in light of such significant cases of financial fraud, mismanagement, criminality, and deceit, the relevance of business ethics could no longer be questioned.

*Business Ethics* Laura Pincus Hartman, Joseph R. DesJardins, 2013-04-01 *Business Ethics Decision Making for Personal Integrity: Social Responsibility* 3e is designed to prepare the student to apply an ethical decision making model not only in the ethics course but throughout her or his business discipline. This model teaches students ethical skills, vocabulary, and tools to apply in everyday business decisions and throughout their business courses. The authors speak in a sophisticated yet accessible manner while teaching the fundamentals of business ethics. Hartman's professional background in law and her teaching experience in the business curriculum combined with DesJardins' background in philosophy and MacDonald's ability to distill complicated business transactions into understandable terms results in a broad language ideal for this approach and market. The authors' goal is to engage the student by focusing on cases and business scenarios that students already find interesting. Students are then asked to look at the issues from an ethical perspective. Additionally, its focus on AACSB requirements makes it a comprehensive business ethics text for business school courses. The goal for the third edition is to provide a comprehensive yet accessible introduction to the ethical issues arising in business. Hartman and DesJardins have retained the focus on decision making as well as the emphasis on both personal and policy level perspectives on ethics. This edition continues to provide pedagogical support throughout the text. The most noticeable changes involve a thorough updating of distinct items such as Reality Checks, Decision Points, and readings to reflect new cases, examples, and data.

**Business Ethics** Laura Pincus Hartman, Joseph R. DesJardins, 2011 *Business Ethics* prepares the reader for applying an ethical decision making model not only on an ethics course but throughout the discipline. This model teaches ethical skills, vocabulary, and tools to apply in everyday business decisions.
