Dexter Lab Episode Guide:

A Brief Guide to Star Wars Brian J. Robb, 2012-09-06 George Lucas was a rebel refusing to make films in the style of the dying studio system relentlessly pushing the technology of the day and almost alone in understanding the potential of merchandising but he was a rebel who built an empire From the staggering unexpected success of the original Star Wars in 1977 when cinema attendances exceeded 20 million for the first time since 1963 through *The Empire Strikes Back* and *Return of the Jedi* then the dark times the 16 years leading to the blockbusting prequel trilogy this is the fascinating story of how it all happened Life long Star Wars fan and movie journalist Brian J Robb edited the official Star Wars magazine for a decade and visited the sets of *Attack of the Clones* and *Revenge of the Sith* in Australia observing director George Lucas at work as well as the famous Skywalker Ranch He has interviewed many of the stars and crew of all six Star Wars movies

Making Patton Nicholas Evan Sarantakes, 2012-09-26 Forever known for its blazing cinematic image of General George S Patton portrayed by George C Scott addressing his troops in front of a mammoth American flag Patton won seven Oscars in 1971 including those for Best Picture and Best Actor In doing so it beat out a much ballyhooed M A S H irreverent darling of the critics and grossed 60 million despite an intense anti war climate But as Nicholas Evan Sarantakes reveals it was a film that almost didn't get made Sarantakes offers an engaging and richly detailed production history of what became a critically acclaimed box office hit He takes readers behind the scenes even long before any scenes were ever conceived to recount the trials and tribulations that attended the epic efforts of producer Frank McCarthy like Patton a U S Army general and Twentieth Century Fox to finally bring Patton to the screen after eighteen years of planning Sarantakes recounts how filmmakers had to overcome the reluctance of Patton's family copyright issues with biographers competing efforts for a biopic and Department of Defense red tape He chronicles the long search for a leading man including discussions with Burt Lancaster John Wayne and even Ronald Reagan before settling on Scott a brilliant actor who brought to the part both enthusiasm for the project and identification with Patton's passionate persona He also tracks the struggles to shoot the movie with a large multinational cast huge outlays for military equipment and filming in six countries over a mere six months And he provides revealing insider stories concerning for example Scott's legendary drinking bouts and the origins of and debate over his famous opening monologue Drawing on extensive research in the papers of Frank McCarthy and director Franklin Schaffner studio archives records of the Academy of Motion Picture Arts and Sciences contemporary journalism and oral histories Sarantakes ultimately shows us that Patton is more than just one of the best war films ever made Culturally it also spoke to national ideals while exposing complex truths about power in the mid twentieth century **TV Guide**, 2003
