

A promotional poster for the TV series 'Dexter: Original Sin'. The background is a close-up of two faces split vertically. The left side shows Michael C. Hall as Dexter's inner voice, with a dark, intense expression and a slight smile. The right side shows Patrick Gibson as Young Dexter, with a lighter, more neutral expression. The text is overlaid on the bottom half of the image.

## **Dexter Series One Episode Guide:**

**Genius on Television** Ashley Lynn Carlson, 2015-07-23 Whether it's Sherlock Holmes solving crimes or Sheldon and Leonard geeking out over sci-fi geniuses are central figures on many of television's most popular series. They are often enigmatic, displaying superhuman intellect while struggling with mundane aspects of daily life. This collection of new essays explores why TV geniuses fascinate us and how they shape our perceptions of what it means to be highly intelligent. Examining series like *Criminal Minds*, *The Big Bang Theory*, *Bones*, *Elementary*, *Fringe*, *House*, *The Mentalist*, *Monk*, *Sherlock*, *Leverage*, and others, scholars from a variety of disciplines discuss how television both reflects and informs our cultural understanding of genius.

**Two Against the Underworld - the Collected Unauthorised Guide to the Avengers Series 1** Alan Hayes, Richard McGinlay, Alys Hayes, 2017-01-26 *Two Against the Underworld* brings together eight years of research to tell the story of *The Avengers* from both sides of the camera. It has now been further revised following the recovery of the episode *Tunnel of Fear*. The authors lift the lid on all 26 Series 1 episodes. Comprehensive chapters detail the narratives in extended synopsis form as well as the production, transmission and reception of each episode and the talented personnel who made them. The creation of *The Avengers*, Ian Hendry's departure, the series' destiny and the mystery of the missing episodes are explored in a series of essays, each of which has been revised. *Avengers* writer Roger Marshall and Neil Hendry both contribute forewords to this volume. The book also boasts black and white illustrations by Shaqui Le Vesconte and 70 pages of appendices that deal in depth with the unproduced episodes of Series 1: Keel and Steed's further adventures in the comic strip *The Drug Pedlar* and the novel *Too Many Targets* and much more.

**Television Westerns Episode Guide** Harris M. Lentz, 1997 Since Hopalong Cassidy and the Lone Ranger blazed their first trails on television in 1949, Westerns have been the genre of choice for 180 series. Some, like *Gunsmoke*, *Bonanza*, and *Maverick*, for example, were classics; others, such as *26 Men* and *Shotgun Slade*, were quickly forgotten. From *Adventures of Briscoe County* through *Zorro* and *Son*, this comprehensive reference work covers all 180 Western series. Each entry opens with a listing of the broadcast history of the series, including original network, day and time. This is followed by a listing of the regular cast members and a brief premise of the series. The individual episodes are then covered with the title, original air date, leading guest stars, and a brief synopsis. Given an exhaustive index, the work is complete.

**Language, Ideology and Identity in Serial Killer Narratives** Christiana Gregoriou, 2011-01-25 In this book, Gregoriou explores the portrayal of the serial killer identity and its related ideology across a range of contemporary crime narratives, including detective fiction, the true crime genre, and media journalism. How exactly is the serial killer consciousness portrayed? How is the killing linguistically justified, and how distinguishing is the language revolving around criminal ideology and identity across these narrative genres? By employing linguistic and content-related methods of analysis, her study aims to work toward the development of a stylistic framework on the representation of serial killer ideology across factual (i.e. media texts), fictional (i.e. true crime books and novels), and murder narratives. Schema

is a term commonly used to refer to organised bundles of knowledge in our brains which are activated once we come across situations we have previously experienced a group schema being one such inventory shared by many By analysing serial murder narratives across various genres Gregoriou uncovers a widely shared group schema for these murderers and questions the extent to which real criminal minds are in fact linguistically fictionalised Gregoriou's study of the mental functioning and representation of criminal personas can help illuminate our schematic understanding of actual criminal minds

**Violence in Popular Culture** Laura L. Finley, 2018-11-09 A comprehensive resource this book reviews current and historical examples of violence in film television radio music music videos video games and novels Despite decades of attention and various attempts to enact legislation that limits violence in American popular culture it remains ubiquitous across films television radio music music videos video games and popular fiction Studies have shown that programs marketed to children are often remarkably violent and that viewing or otherwise consuming such violence has numerous negative effects on children's psychological health This book sheds light on the scholarship related to violence in popular culture and compares historical and current examples analyzing popular shows such as Game of Thrones video games such as Mortal Kombat young adult fiction including the trilogy The Hunger Games and more Not only does Violence in American Popular Culture provide a comprehensive review of the research about the effects of violence in media but it also offers detailed assessments of violent content in various expressions of popular culture In addition it invites readers to compare violence in American popular culture with that globally via entries on violence in popular culture outside the United States An appendix of additional resources and primary sources gives readers further tools for deepening their understanding of this complex and controversial issue

**Television Program Master Index** Charles V. Dintrone, 2014-02-11 This work indexes books dissertations and journal articles that mention television shows Memoirs autobiographies biographies and some popular works meant for fans are also indexed The major focus is on service to researchers in the history of television Listings are keyed to an annotated bibliography Appendices include a list of websites an index of groups or classes of people on television and a list of programs by genre Changes from the second edition include more than 300 new shows airing on a wider variety of networks 2000 plus references more than double the second edition and a large increase in scholarly articles The book provides access to materials on almost 2300 shows including groundbreaking ones like All in the Family almost 200 entries cult favorites like Buffy The Vampire Slayer 200 plus entries and a classic franchise Star Trek more than 400 entries for all the shows The shows covered range from the late 1940s to 2010 The Walking Dead References range from 1956 to 2013

The SNL Companion Stephen Tropiano, Steven Ginsberg, 2024-09-17 This is a comprehensive ticket to learning more about every aspect of the late night comedy staple and its storied history Library Journal Television history was made on October 11 1975 when a new generation of young performers welcomed America to the first episode of a new late night comedy and variety show Combining cutting edge humor with a satirical sensibility Saturday Night Live would go on to

become the longest running series of its kind in television history shining a light on pop culture as well as contemporary social and political issues It also became a launching pad for many of the leading comedy performers of the last five decades including John Belushi Bill Murray Gilda Radner Eddie Murphy Phil Hartman Will Ferrell Tina Fey Amy Poehler Seth Meyers Jimmy Fallon Maya Rudolph and Kate McKinnon Celebrating the show s record breaking 50 years on the air The SNL Companion is a fun fact filled tribute to a television institution From the show s creation by Lorne Michaels through all of the seasons leading up to its golden anniversary it provides an in depth look at SNL s comedic highlights and nadirs its memorable hosts and musical guests and its many controversies Along with a complete episode guide it explores the characters sketches politics catchphrases commercial parodies and viral shorts that have made it a leader in American comedy for over five decades Vastly revised updated and expanded since its original publication in 2013 and packed with photographs and rich encyclopedic detail The SNL Companion is a one stop resource for all things SNL *Catalog of*
