Economic Issues And Policy:

Economic Issues and Policy Jacqueline Murray Brux,2010-03-25 Significantly revised in light of sweeping changes in the economy and government this book provides students with a grasp of basic economic tools through the analysis of important economic issues and their related policy perspectives Economic theory is presented in a simple market oriented framework at a level of technicality that is deliberately appropriate for a basic first course in economics directed at non majors Complex topics more appropriate for a Principles of Economics course are left out or contained in appendices In analyzing economic situations and the implications of policies liberal and conservative viewpoints are effectively balanced The text also encourages students to get involved in the issues discussed Important Notice Media content referenced within the product description or the product text may not be available in the ebook version **Economic Issues and Policy**

Jacqueline Murray Brux,2005 **Economic Issues and Policy** Brux,2015 *Economic Issues and Policy - 8ed* Jacqueline Brux,2022-02-28 Economic Issues and Policy 8ed is an up to date textbook for economics general education and secondary education college students who wish to learn about the economics of today s issues including inequality racism criminal justice homelessness education healthcare world poverty and much more The discussion of issues in this book is lively relevant and current Students are provided with a left right framework from which to position their own viewpoints This edition of the textbook takes note of the times which are ridden with divisiveness and polarity and are troubled by inequality racism climate change conflict COVID 19 and now suddenly a war in Europe Amidst all this as we struggle to the future we note that two of the most basic structural pillars underlying our economy are inequality and racism reflecting a contempt for the poor the immigrant and the members of racial and ethnic minorities US Economic Policy in the 21st Century

Alexandros Mourmouras,Peter Rangazas,2023-08-02 This book addresses major economic problems affecting the United States and proposes policy reforms to target them The authors use a broad survey of economic research to conduct an evidence based assessment of four economic issues affecting the US and other developed nations slowing economic growth unsustainable public debt increases widening wage inequality and climate change Finding that the problems are interconnected and should be dealt with in a comprehensive manner the authors explain how current policies have contributed to the issues and make recommendations on policy reforms All four issues are examined in one place and the resulting policy recommendations form a consistent plan to mediate the problems simultaneously Providing a comprehensive approach to some of economic policy s most difficult problems this book will be an excellent resource for students and researchers interested in macroeconomic theory public sector economics international economics labor economics and environmental economics Current Economic Issues ,2010 *Current Economic Issues* James M. Cypher,Rob Larson (Lecturer in economics),Alejandro Reuss,Chris Sturr,Dollars & Sense (Organization),2011 *Contemporary Economic Issues in Developing Countries* John Baffoe-Bonnie,Mohammed Khayum,2003-04-30 Important lessons for policy makers are

provided here as contributors evaluate the effectiveness of domestic economic policies and the recommendations of international organizations such as the World Bank regarding the economic development of developing countries Challenges posed by debt problems corruption population dynamics poverty and the absence of adequate human and physical capital are highlighted Contributors cast doubts on the conclusions of the prevailing theories of economic development with patterns of economic change over the course of the 20th century Their findings point out the issue of inadequate social capability as a critical factor in understanding the lack of economic development in many developing countries They suggest that contemporary theorizing tends to pinpoint necessary but insufficient conditions for the successful implementation of development strategies in these countries
