## **Economics Grade 11 November Memo:**

Railway Age, 1950      **Current Assessment of the Economy** United States. Congress. Joint Economic Committee, United States. Congress. Joint Economic Committee. Subcommittee on Consumer Economics, 1974      The Carter Presidency Gary M. Fink, Hugh Davis Graham, 1998 After the Nixon and Ford administrations liberal Democrats hoped Jimmy Carter's election in 1976 would restore the New Deal agenda in the White House Instead during four tumultuous years in office Carter endorsed many of the fiscal and economic policies later espoused by his Republican successor Ronald Reagan But Carter also backed most New Deal social programs and however reluctantly pursued a traditional containment foreign policy In this book more than a dozen eminent scholars provide a balanced overview of key elements of Carter's presidency examining the significance of his administration within the context of evolving American policy choices after World War II They seek not only to understand the troubled Carter presidency but also to identify the changes that precipitated and accompanied the demise of the New Deal order By the time Carter took office many Americans had become disenchanted with big government and welfare spending and his presidency is viewed in these pages as a transitional administration As this volume demonstrates Carter's dilemma emerged from his effort to steer a course between traditional expectations of federal government and new political and economic realities While most of the contributors agree that his administration may be justly criticized for failing to find that course they generally conclude that Carter was more successful than his critics acknowledge These thirteen original essays cover such topics as the economy trade and industrial policies welfare reform energy environment civil rights feminism and foreign policy They offer thoughtful assessments of Carter's performance focusing on policy both as cause and effect of the post industrial transformation of American society that shadowed his administration A final essay shows how Carter's public spirited post presidential career has made him one of America's greatest ex presidents Grounded on research conducted at the Carter Library The Carter Presidency is an incisive reassessment of an isolated Democratic administration from the vantage point of twenty years It is a milestone in the historical appraisal of that administration inviting us to take a new look at Jimmy Carter and see what his presidency represented for a dramatically changing America      **The Military and the Market** Jennifer Mittelstadt, Mark R. Wilson, 2022-10-11 Throughout its history the U S military has worked in close connection to market based institutions and structures It has run systems of free and unfree labor taken over private sector firms and both spurred and snuffed out economic development It has created new markets for consumer products for sex work and for new technologies It has operated as a regulator of industries and firms and an arbitrator of labor practices And in recent decades it has gone so far as to refashion itself from the inside so as to become more similar to a for profit corporation The Military and the Market covers two centuries of history of the U S military's vast and varied economic operations including its often tense relationships with capitalist markets Collecting new scholarship at the intersection of the fields of military history business

history policy history and the history of capitalism the nine chapters feature important new research on subjects ranging from Civil War soldier entrepreneurs to the business of the construction of housing and overseas bases for the Cold War to the U S military s troubled relationships with markets for sex The volume enriches scholars understandings of the depth and complexity of military market relations in U S history and offers today s military policymakers novel insights about the origins of current arrangements and how they might be reimagined Contributors Jessica L Adler Timothy Barker Patrick Chung Gretchen Heefner Jennifer Mittelstadt A Junn Murphy Kara Dixon Vuic Sarah Jones Weicksel Mark R Wilson Daniel Wirls
