

## Electronic Feedback: Missa, Student Activity Response

### Investigation 1

1. The company's traditional policy of strict architecture rules combined the fact that people are used to doing what they like.
2. All other things equal, increased price would probably cause sales to increase. Increased income could lead to higher demand.

### Investigation 2

1. The demand will probably increase because more customers are getting involved.
2. Because they are young, they are more likely to be a more active social media presence. More people buying from the company's website than ever before may increase the need for more and be reflected in the product's sales. Their income/wealth will also increase the demand for their products.

### Investigation 3

1. Higher prices for continuing students, lower demand for their courses and with the same amount of equipment used as before, the school will be able to do more.
2. The school will be able to do more as the price of the equipment will increase production of equipment, which will increase equipment and other equipment for the school and more.
