'Well that about wraps it up for God' Katharina Günther, 2008-02-18 Inhaltsangabe Introduction The story of The Hitchhiker's Guide to the Galaxy is the story of Life, the Universe and Everything. Initially broadcasted as a radio series on BBC Radio 4 in 1978, it was such a success that its author Douglas Adams eventually ended up not only publishing the story with a slightly modified plot in book form but also creating four sequels until 1992. The story was taken up by other media which resulted in the creation of a TV series in 1981, stage shows, a movie in 2005, a computer game, comics, towels and a lot more. Today the H2G2 has reached a cult status that few other Science Fiction works boast. The plot of the HG is mostly confusing and full of curious ideas, wherefore a complete summary is not possible at this point. However, the following paragraph will give the unacquainted readers an idea of the story. There are, of course, many problems connected with life of which some of the most popular are: Why are people born? Why do they die? Why do they want to spend so much of the intervening time wearing digital watches? The Trilogy in Five Parts is the story of Arthur Dent and his quest for the answers to these problems. After the destruction of Earth, the only surviving Englishman, Dent, hitchhikes through the width of time and space, finds out the answer to the ultimate question, dines at the Restaurant at the End of the Universe, saves the world, falls in love with a woman whose feet cannot touch the ground, is worshipped by birds and sandwich lovers, is enlightened by God's final message to His Creation and finally meets his fate on STAVROMULABETA. The ape descendent Dent is accompanied by Ford Prefect, owner of a copy of the most remarkable book ever to come out of the Great Publishing Houses of Ursa Minor Beta, The Hitchhiker's Guide to the Galaxy, an encyclopaedia that sells so well mainly because it has the words DON'T PANIC written in large friendly letters on the cover. Other companions are Marvin, the paranoid android; Trillian, the sole surviving woman from Earth; and Zaphod Beeblebrox, the former Galactic President. The author of this humorous work of Science Fiction was born as Douglas Noel Adams on March 11th 1952 in Cambridge, UK, and died on May 11th 2001 in Santa Barbara, California. Whilst studying English in Cambridge, he joined the Footlights Society, a comedy group which is also closely connected to Monty Python. Adams' initial career aspiration was to become a comedian, yet he seemingly never
