American Zoo David Grazian, 2017-12-05 A close up look at the contradictions and wonders of the modern zoo Orangutans swing from Kevlar lined fire hoses Giraffes feast on celebratory birthday cakes topped with carrots instead of candles Hi tech dinosaur robots growl among steel trees while owls watch animated cartoons on old television sets In American Zoo sociologist David Grazian takes us on a safari through the contemporary zoo alive with its many contradictions and strange wonders Trading in his tweed jacket for a zoo uniform and a pair of muddy work boots Grazian introduces us to zookeepers and animal rights activists parents and toddlers and the other human primates that make up the zoo s social world He shows that in a major shift away from their unfortunate pasts American zoos today emphasize naturalistic exhibits teeming with lush and immersive landscapes breeding programs for endangered animals and enrichment activities for their captive creatures In doing so zoos blur the imaginary boundaries we regularly use to separate culture from nature humans

from animals and civilization from the wild At the same time zoos manage a wilderness of competing priorities animal care education scientific research and recreation all while attempting to serve as centers for conservation in the wake of the current environmental and climate change crisis The world of the zoo reflects how we project our own prejudices and desires onto the animal kingdom and invest nature with meaning and sentiment A revealing portrayal of comic animals delighted children and feisty zookeepers American Zoo is a remarkable close up exploration of a classic cultural attraction
