

Before you begin

Thank you for purchasing the Bose® Wave® radio.

Customized to support the Bose Corporation's long-term commitment to superior sound, this portable speaker technology, which you named "Wave" at the time of the Consumer Choice Awards, is now here.

Using this technology, it takes virtually anything away from a small loudspeaker in the studio or even a whole range of live music. And there it is. It's right in your ears, as if you were right there. Creating an aural world for you, it produces music that's more real than ever.

Features

See Wave radio and manual.

- Integrated system design for superior quality without component adjustments
- A high-performance stereo tuner — offers up to 5 AM and 5 FM station presets
- Two independent dials, with battery backup power for remember settings
- A credit card size remote control with recording time preview
- Input for an additional sound source, such as a CD or tape player

Please use the steps to follow this owner's guide carefully. It helps you set up and operate your radio and enjoy all of its features and high-fidelity sound.

Setting Up

Unpacking the radio

Check the inside of your radio. There is packing material for protection from use. The original packing material inside the radio was designed for Wave® radio. If you used the original packing material, do not place it back in the radio. If you used the original packing material, do not place it back in the radio.

Check to see your Wave radio matches the radio description in Figure 1.

- 2 **Note:** Check the serial number on the bottom of your radio. Write the serial number in the space provided in Figure 2.

Selecting a location for your radio

Please read these guidelines in order when selecting a location for your radio.

- Place the radio on a table or other flat surface.
- Do not use the radio in a damp location. It is important to prevent moisture from getting into the unit.
- Do not place it on a metal surface or table that causes interference with AM reception.
- Since all electronic equipment generates some heat, do not place it on a heat sensitive surface.
- If you use the radio with your television or VCR, do not place it directly in front of the television. It may interfere with the picture quality.
- A location reflecting heat, if a heat is recommended for best audio performance.
- You get the maximum sound from your radio if you are able to place the radio across the room from where you will be listening.

Please adjust the location to get the sound you prefer.
