**Running with Sherman** Christopher McDougall, 2019-10-15 From the bestselling author of *Born to Run*, a heartwarming story about training a rescue donkey to run one of the most challenging races in America and in the process discovering the life-changing power of the human-animal connection. A delight full of heart and hijinks and humor. John Grogan, author of *Marley Me*: Life and Love with the World's Worst Dog. When Christopher McDougall decided to adopt a donkey in dire straits, he had no idea what he was getting himself into. But with the help of his neighbors, Chris came up with a crazy idea: Burro racing, a unique type of competition in which humans and donkeys run side by side over mountains and through streams. Would be exactly the challenge Sherman and Chris needed. In the course of Sherman's training, Chris would enlist Amish running clubs, high-spirited goats, the service animal community, and two Sarah Palin-loving long-distance female truckers. Sherman's heartwarming story of overcoming all odds to run one of the most unbelievable races in America shows the healing power of movement and the strength of the human-animal connection. **Summary of Born to Run** SellWave Audio, 2025-10-11 *Born to Run* by Christopher McDougall is a captivating exploration into the world of long-distance running with a focus on the incredible Tarahumara Indians of Mexico's Copper Canyons. These indigenous people have developed the extraordinary ability to run hundreds of miles without rest or injury, defying what we typically understand about human endurance. McDougall, a journalist and an often-injured runner himself, sets out on a quest to uncover the secrets behind their remarkable abilities. In this riveting narrative, McDougall takes readers on a journey that spans from cutting-edge science labs at Harvard to the sun-scorched valleys and icy peaks across North America. Along the way, he delves into the growing world of ultra-runners, athletes pushing their bodies to the limits of human performance. The book culminates in an unforgettable race in the Copper Canyons where some of the world's best ultra-runners compete against the Tarahumara. *Born to Run* combines scientific inquiry, adventure, and inspiring stories of endurance. It challenges the conventional wisdom about running and fitness, offering insights that go beyond physical training, touching on the mental and spiritual aspects of endurance. McDougall's narrative not only sheds light on the Tarahumara's ability to run long distances but also inspires a broader message about the human capacity for resilience and pushing beyond perceived limits.
