

Business Objects Web Intelligence 4.X Training (BOW310-320)

Type: E-Learning (90% video 10% handouts) | **Prerequisites:** None | **Duration:** 6 Hours

Course Description

Participants will gain Business Objects knowledge with a deep focus on Web Intelligence report design and implementation. Upon completion, the student will be able to successfully design and deliver end-to-end Web Intelligence reports.

Our BOW310-320 offering is a step-by-step course that will walk you through designing highly informative and interactive reports in Business Objects Web Intelligence. Watch just a few of our training videos and you will immediately understand how Webi report creation works. Each section of our video training comes with practical examples, exercises, and business cases that will challenge you to learn in a fun and engaging manner.

This training is designed for beginner to intermediate level users. If you have a technical or analytical background, and work with data, this course will allow you to fully understand how to design, build out, and run reports using Web Intelligence. No matter the skill level, all attendees will complete the course with a wealth of new skills.

In just 6 hours, attendees will be able to design and implement reports within Web Intelligence! We recommend first taking the SAP BW Enterprise Data Warehousing Course (BW310) and SAP BW BEx Query Design and Analysis (BW305), however, it's not a prerequisite.

Learning Objectives:

At the end of this class, the student will be able to:
