

Introduction to CaseWare bakertilly

The audit software provides an automated approach to the audit engagement. It is designed to automate many of the processes within the audit engagement while allowing quick and efficient access to the entire working paper file. Combined with CaseWare Working Papers, Audit International is a powerful and efficient solution for performing assurance, analysis and reporting engagements.

Always consider the standard procedures provided considering the specific needs of each engagement. The Audit International template provides several schedules to document the work carried out. It is the auditor's responsibility to ensure the extent of work carried out and the evidence obtained and documented in the file is sufficient to comply with required documentation standards.
