Management for Middle and High School Teachers Seventh Edition gives teachers the information and skills they need to establish management systems in today's rich multicultural classroom based on the authors' 30 years of research and experience in more than 500 classrooms. This best-selling text helps teachers plan, implement and develop the most basic classroom management tasks to develop a smoothly running classroom that encourages learning. Written for the prospective or new middle and high school level teacher, the text's content is ready to be applied in a classroom setting. The text addresses the planning decisions teachers must make including arranging the physical space, creating a positive climate, establishing expectations, rules and procedures, planning and conducting instruction, encouraging appropriate behavior, addressing problem behavior and using good communication skills with particular attention paid to the growth of diverse and inclusive classrooms. All examples, checklists, case studies and group activities are designed for the secondary level.

Classroom Management for Secondary Teachers Edmund T. Emmer, Carolyn M. Evertson, Murray E. Worsham, 2003. Provides secondary educators with the information and skills they need to establish management systems in today's richly multicultural classroom and is based on the authors' 25 years of extensive research conducted in more than 500 classrooms. It addresses the planning decisions teachers must make including arranging the physical space, establishing rules and procedures, planning and conducting instruction, encouraging appropriate behavior, addressing problem behavior and using good communication skills with care to the increasingly ethnically diverse classroom profile. All examples, checklists, case studies and group activities are designed specifically for the secondary level. Promotes effective learning and smoothly functioning classrooms with practical step-by-step guidelines that emphasize proactive planning. New case studies in Chapter 10 teach inclusion by expanding on the importance of teaching every student. Encourages educators to rise to the diversity challenge. Completely updated readings with special attention to culturally diverse students and students living in extreme poverty provide readers with important information and actual case studies. This new edition maximizes technology tools in the classroom by introducing technology management. Chapters 1-6 include information on technology safety for students using technology to manage classrooms, incorporating technology with developing rules and routines, managing special groups and designing cooperative learning. Secondary Educators: Getting Classroom Management Right Carol Miller Lieber, 2009. Getting Classroom Management Right provides resources specifically designed for teachers who work with adolescents and want to create learning environments that foster fairness, mutual respect, student accountability and self-discipline. It offers research-based tools, skills and guiding principles that enable secondary teachers to organize and manage their classrooms for optimal learning, prevent most disruptive behaviors, diagnose and respond to problematic behaviors efficiently and provide the right kinds of accountable consequences and supportive interventions that will help reluctant and resistant students to turn around their behavior. ESR's five-step approach to classroom management: Guided Discipline and Personalized Support presents case studies and sample responses to six familiar problem types, teacher qualities and skill
