2 pages | 328 words

I thank you all for giving me a few minutes to speak to you about how I will help this school and all of you as a class president. I will make sure that all of us will do fun activities together to make our class great.

As the class president I will lead our class in a fun and united way. I will get us all working together and helping each other in both studies and other great things throughout the school year. I will also work on improving our class spirit.

Some things I will improve and develop as a class president are: Healthier lunches - making our lunches healthier so that we stay fit (taking out our snack machines and putting in nutritious snack machines). Fashion and style - Having a few Fashion or "free," days where students can leave their uniforms at home and wear whatever they want. Getting no more time for other activities such as gym and talent- gym more than once a week. Go on more trips- go to other places throughout SFO (museums, field days in city parks, and much more) and maybe one to a neighboring state. A class blog (for all our cool work) that we as a class can design and share with other classes, our friends and our families.

These are only some of the great things we can do as a class. I am sure that everyone has great ideas and thoughts. As the class president I will make sure that all of your great thoughts and ideas are not considered. I will be a class president who will be full of energy and spirit; working together with students; guided by our teachers. Together, we can make one of the best and fun classes around. Thank you once again for hearing me out – I promise you all I will do my best and won't let this class down as the class president. Thank you.
