**Too Smart for Our Own Good: Ingenious Investment Strategies, Illusions of Safety, and Market Crashes** Bruce I. Jacobs,2018-08-17 How investment strategies designed to reduce risk can increase risk for everyone and can crash markets and economies Financial crises are often blamed on unforeseeable events the unforgiving nature of capital markets or just plain bad luck Too Smart for Our Own Good argues that these crises are caused by certain alluring investment strategies that promise both high returns and safety of capital In other words the severe and widespread crises we have suffered in recent decades were not perfect storms Instead they were made by us By understanding how and why this is so we may be able to avoid or ameliorate future crises and maybe even anticipate them One of today s leading financial thinkers Bruce I Jacobs examines recent financial crises including the 1987 stock market crash the 1998 collapse of the hedge fund Long Term Capital Management the 2007 2008 credit crisis and the European debt crisis and reveals the common threads that explain these market disruptions In each case investors in search of safety were drawn to novel strategies that were intended to reduce risk but actually magnified it and blew up markets Too Smart for Our Own Good takes a behind the curtain look at The inseparable nature of investment risk and reward and the often counterproductive effects of some popular approaches for reducing risk A trading strategy known as portfolio insurance and the key role it played in the 1987 stock market crash How option related trading disrupted markets in the decade following the 1987 crash Why the demise of Long Term Capital Management in 1998 wreaked havoc on US stock and bond markets How mortgage backed financial products by shifting risk from one party to another created the credit crisis of 2007 2008 and contributed to the subsequent European debt crisis This broad detailed investigation of financial crises is the most penetrating and objective look at the subject to date In addition Jacobs an industry insider offers invaluable insights into the nature of investment risk and reward and how to manage risk Risk is unavoidable especially in investing and financial markets connect us all Until we accept these facts

and manage risk in responsible ways major crises will always be just around the bend Too Smart for Our Own Good is a big step toward smarter investing and a better financial future for everyone      **The Intelligent Guide to Stock Market**
