Powers, Stanley Wenocur**

## **Case Management For Community Practice:**

Case Management Jack Rothman, 1998 This book embodies many of the concepts and terms that you will need as a professional social worker and will be a valuable tool to use in your professional practice *Case Management for Community Practice* Elizabeth Moore, 2009-01-22 Case Management for Community Practice provides the reader with the knowledge approaches and tools to help case managers help a diverse range of client groups achieve their optimal quality of life and life goals Case studies throughout show the practical application of theoretical approaches and emphasise the importance of collaboration within the formal service system informal supports and the wider community **Community Practice** David A. Hardcastle, Patricia R. Powers, Stanley Wenocur, 2004 Community Practice is a comprehensive resource for social workers and students eager to learn how to practice effectively in complex systems and diverse communities In this completely revised edition of the definitive text in the field the authors have thoroughly updated each chapter and added two entirely new chapters on community building and community organizing New material on topics such as negotiation and mediation community advocacy participatory rural appraisal the narrative approach to social change community involvement representative client boards and the latest in grassroots endeavors make this text as inspiring as it is practical Drawing upon the wealth of information available from local organizations the Internet newspapers and academic journals the authors introduce contemporary experiments and analyze classic modes of community practice and change The content exercises and references offer instructors the flexibility necessary to tailor their courses to undergraduate graduate and doctoral level students This new edition will continue to provide a comprehensive and integrated overview of the theory and skills fundamental to all areas of social work practice Broad in scope it offers students as well as practitioners the tools necessary to promote the welfare of individuals and communities **Case Management** Elizabeth Moore, 2017-02 Case Management Inclusive Community Practice is a consumer directed social work text that provides health and human services workers with the theory knowledge and skills to help the vulnerable The second edition offers a strong in depth overview of case management using case studies and reflective questions to teach readers to relate theory to practical situations Clear navigation and updated content make Case Management a learning resource for students and practitioners working across the human services sector Case Management Suzanne K. Powell, Hussein M. Tahan, 2018-02-26 Prepare for a new career as a case manager or just upgrade your skills to a whole new level with the newly updated Case Management A Practical Guide for Education and Practice 4th Edition Ideal for case management certification CCMC exam preparation this is a thorough review of the case manager's many roles and skills from acute to post acute care Whether you are a nurse transitioning to case management or already active in it this is your road map to coordinating successful patient care from hospital to home Build a strong case management career foundation with expert evidence based direction NEW chapter on case manager orientation programs that offers orientation checklists competency assessment and learning profiles with

available online tools NEW topics on current practice issues and developments including the impact of the Patient Protection and Affordable Care Act and value based care NEW content on experiential problem based learning learning practices training programs case management team professional development Offers in depth evidence based guidance on The case manager s roles functions and tasks Key concepts quality management and outcomes evaluation legal and ethical considerations case management process utilization management transitions of care The role of the nurse case manager versus social worker role Strategies that ensure effectiveness of case management models Coordinating care protecting privacy and confidentiality health insurance benefit analysis practice standards The Case Management Code of Professional Conduct accreditation agencies and standards specialty board certifications Management of resources and reimbursement concepts Case management in various settings acute care emergency department admissions perioperative services disease management insurance case management palliative care end of life care hospice home health care physician groups public health community based care rehabilitation Ideal preparation for the CCMC exam offers a large portion of CCMC exam content and for Continuing Education Unit CEU for Case Management study A must have desk reference that offers plentiful case studies considered to be the bible of case management      **Fundamentals of Case Management Practice** Nancy Summers,2009 Guide your students from the classroom to success in today s social service setting with the step by step practical skills found in this outstanding case management text workbook Summers FUNDAMENTALS OF CASE MANAGEMENT PRACTICE SKILLS FOR THE HUMAN SERVICES 3e International Edition focuses on what s most important for students to consider document and pass along within each step of the human service process Students leave your course equipped with the basic skills and abilities to make good decisions and contribute to meaningful discussions in a professional setting Text chapters walk through each step of the case management process from intake through termination This edition addresses additional diversity issues with more examples and practice scenarios Numerous realistic exercises drawn from the author s more than 20 years of experience and from the first hand experiences of other active professionals expose your students to a broad range of realistic circumstances and difficulties Actual agency forms throughout the text workbook give your students frequent opportunities to compile and work with information as they manage cases and prepare client files This textbook will remain a useful reference for your students well after the classroom experience For additional support and reference the author s FUNDAMENTALS FOR PRACTICE WITH HIGH RISK POPULATIONS contains information on specific high risk populations such as survivors of rape and violence those with drug and alcohol dependence individuals with mental illness and more Together these texts empower your students to move competently into a professional setting      **Case Management in Community Care** David Challis,Bleddyn Davies,1986      Practice of Case Management David P. Moxley,1989 The Practice of Case Management in the Human Services offers a succinct yet comprehensive guide to carrying out a case manager s responsibilities The author explores assessment of the service needs of the client facilitating the client s

contact with the appropriate institutions and services monitoring the quality of services provided to the client and taking action when the client's needs are not met. He also considers the therapeutic role required when needs are not met because the problems are indigenous to the client. Providing an integrated look at practice technologies applicable to a variety of practice areas the volume is appropriate for both preservice and inservice education in the field of human service.

**Social Workers' Desk Reference**, 2015-01-13 People all over the world are confronted by issues such as poverty, a lack of access to quality education, unaffordable and/or inadequate housing, and a lack of needed health and mental services on a daily basis. Due to these issues, there is a need for social workers who have access to relevant and timely scholarly materials in order to meet the needs of those facing these issues. The social psychological and biological factors resulting from these issues determine the level of a person's mental health at any given point in time, and it is necessary for social workers to continue to evolve and develop to the new faces and challenges of the times in order to adequately understand the effects of these issues. In the first and second editions of the Social Workers Desk Reference, the changes that were occurring in social work practice, education, and research were highlighted and focused upon. This third edition continues in the same tradition and continues to respond to the changes occurring in society and how they are impacting the education, research, and practice of social work as a whole. With 159 chapters collaboratively written by luminaries in the profession, this third edition serves as a comprehensive guide to social work practice by providing the most recent conceptual knowledge and empirical evidence to aid in the understanding of the rapidly changing field of social work. Each chapter is short and contains practical information in addition to websites and updated references. Social work practitioners, educators, students, and other allied professionals can utilize the Social Workers Desk Reference to gain interdisciplinary and interprofessional education, practice, and research.

*Case Management by Design* David P. Moxley, 1997 This text discusses case management in human service organizations and differentiates between systems driven and consumer driven case management. The author examines the issues that either frustrate or facilitate effective programs and practice using practical examples. This book can serve as a textbook or companion reader for courses on case management or for core courses in human service practice, especially those focusing on the organization of social welfare and the programmatic structure of contemporary human services.

Handbook of Research on Information Technology Management and Clinical Data Administration in Healthcare Dwivedi, Ashish N., 2009-05-31 This book presents theoretical and empirical research on the value of information technology in healthcare. Provided by publisher.

Psychiatric and Mental Health Nursing Ruth Elder, Katie Evans, Debra Nizette, 2008-11-07 This new edition focuses on practice in mental health and psychiatric care, integrating theory and the realities of practice. Mental wellness is featured as a concept, and the consideration of a range of psychosocial factors helps students contextualise mental illness and psychiatric disorders.

*Fundamentals of Case Management Practice* Nancy Summers, 2001 This book on case management practice guides the reader step by step through the case management process. It provides practice for meeting

clients documenting initial inquiries using DSV IV developing a service plan monitoring service and documenting the process and much more *The Case Management Sourcebook* Cheryl G. Murer, Lyndean Lenhoff Brick, 1997 Provides answers on how to establish develop and maintain a successful case management system and also surveys the history of managed care and the development of case management Details different case management models and how they apply to different operations offers a step by step guide to the design and implementation of a centralized case management system and discusses how to resolve issues of legal duty provider cost and patient expectation Final chapters explore the future of case management as a career and discuss trends in the field Includes a glossary and appendices of job descriptions and venue utilization by federal regulation Annotation copyrighted by Book News Inc Portland OR **Public Health Nursing E-Book** Marcia Stanhope, Jeanette Lancaster, 2024-03-13 Selected for Doody's Core Titles 2024 in Community Health Gain a solid understanding of community and public health nursing with this industry standard text Public Health Nursing Population Centered Health Care in the Community 11th Edition provides up to date information on issues such as infectious diseases natural and man made disasters and healthcare policies affecting individuals families and communities This edition has been thoroughly updated to reflect current data issues trends and practices presented in an easy to understand accessible format Additionally real life scenarios show examples of health promotion and public health interventions and case studies for the Next Generation NCLEX Examination help strengthen your clinical judgment Ideal for BSN and Advanced Practice Nursing programs this comprehensive bestselling text will provide you with a greater understanding of public health nursing Focus on Quality and Safety Education for Nurses boxes give examples of how quality and safety goals competencies and objectives knowledge skills and attitudes can be applied in nursing practice in the community Evidence Based Practice boxes illustrate the use and application of the latest research findings in public community health nursing Healthy People boxes describe federal health and wellness goals and objectives Check Your Practice boxes feature a scenario and questions to promote active learning and encourage students to use clinical judgment skills as they contemplate how to best approach the task or problem in the scenario Linking Content to Practice boxes describe the nurse's role in a variety of public and community health areas giving specific examples of the nurse's role in caring for individuals families and populations UNIQUE Separate chapters covering promoting healthy communities the Intervention Wheel and nurse led health centers teach students the initiatives and various approaches to population and community centered nursing care Levels of Prevention boxes address the primary secondary and tertiary levels of community public health nursing as related to chapter content How To boxes provide practical application to practice End of chapter Practice Application scenarios Key Points and Clinical Judgment Activities promote application and in depth understanding of chapter content *Case Management* Arthur J. Frankel, Sheldon R. Gelman, Diane K. Pastor, 2018-12-03 Over the course of 20 years this text has approached case management as both an art and a science by providing students and practitioners with the basics of case management theory

skills and applications This fourth edition which focuses on both the social work and nursing professions offers trainers instructors and students detailed information about how case management is delivered major issues encountered in practice how services are affected by different populations and the unique skills that are required by case managers in order to be effective Chapter exercises and case examples help readers practice some of the skills associated with the content offered Case Management is unique in that it brings together the major professions that conduct case management in the United States It is focused on skill learning more than theory and discusses not only the importance of case management in the current social work and medical milieu but also the challenges that case managers face in helping clients Additionally the text offers a model for integrated case management between professions and in numerous settings including nursing centers community mental health facilities and criminal justice centers

**Foundations of Community Health Nursing** Marcia Stanhope, Jeanette Lancaster, 2002 This new concise community health nursing text draws all the essential must know information from the popular text COMMUNITY AND PUBLIC HEALTH NURSING by the same authors into one accessible streamlined resource It offers the same community oriented focus with an emphasis on health promotion and disease prevention highlighting practical applications throughout Separate sections are devoted to key aspects of community health nursing including the roles a community health nurse might undertake family and individual care and care of vulnerable populations

**Clinical Social Work Practice in Behavioral Mental Health** Roberta G. Sands, 2001 This book provides an in depth and very modern approach to clinical social work with clients in mental health settings This is a revision of a book originally titled Clinical Social Work Practice in Community Mental Health The community mental health approach is now dated and this revision features behavioral mental health which is a newer and postmodern approach The postmodern perspective is client oriented and helps the practitioner to be aware of underlying biases This perspective is explained in Chapter 1 and is included in every chapter by featuring clients voices particularly at the beginning and end of the chapters Important new topics include managed care and measurement of outcomes both of which are woven throughout and featured in Chapters 1 4 5 8 9 10 and 13 For social work practitioners specializing in mental health

**Public Health Nursing** Marcia Stanhope, PhD, RN, FAAN, Jeanette Lancaster, PhD, RN, FAAN, 2015-10-07 Prepare for a successful career as a community public health nurse Public Health Nursing Population Centered Health Care in the Community 9th Edition provides up to date information on issues that impact public health nursing such as infectious diseases natural and man made disasters and health care policies affecting individuals families and communities Real life scenarios show examples of health promotion and public health interventions New to this edition is an emphasis on QSEN skills and an explanation of the influence of the Affordable Care Act on public health Written by well known nursing educators Marcia Stanhope and Jeanette Lancaster this comprehensive bestselling text is ideal for students in both BSN and Advanced Practice Nursing programs Evidence Based Practice and Cutting Edge boxes illustrate the use and application of the latest research findings in public community health

nursing Healthy People 2020 boxes highlight goals and objectives for promoting the nation's health and wellness over the next decade Levels of Prevention boxes identify specific nursing interventions at the primary secondary and tertiary levels Practice Application scenarios help you apply chapter content to the practice setting by analyzing case situations and answering critical thinking questions Linking Content to Practice boxes provide examples of the nurse's role in caring for individuals families and populations in community health settings Unique Separate chapters on healthy cities the Minnesota Intervention Wheel and nursing centers describe different approaches to community health initiatives Community Public Health Nursing Online consists of 14 modules that bring community health situations to life each including a reading assignment case scenarios with learning activities an assessment quiz and critical thinking questions Sold separately NEW Coverage of health care reform discusses the impact of The Patient Protection and Affordable Care Act of 2010 ACA on public health nursing NEW Focus on Quality and Safety Education for Nurses boxes give examples of how quality and safety goals knowledge competencies and skills and attitudes can be applied to nursing practice in the community

**Readings in**

**Community Health Nursing** Barbara Walton Spradley, Judith Ann Allender, 1997 This superb collection of 57 readings from 100 leaders and experts in the community and public health combines classic articles and recently published discussions to offer a practical hands on guide to the key issues affecting community health nursing today Cover
