Copyright Office,1970 **Proceedings [of The] Drilling Conference** ,1993 Oil and Gas Drilling Guide HowExpert,Miguel Ferraz,2016-09-04 If you want to learn about oil drilling as a beginner then check out this book How to drill an oil and gas well from A to Z or in a shorter form from 1 to 7 The first step is to determine what type of rock we will be drilling The second step is to refine this preliminary well configuration by determining the exact dimensions required of casing strings Afterwards the third stage is to select the appropriate bits bottom hole assembly BHA and

drillstring for each hole section The fourth step is a big one selecting a rig which goes hand in hand with the abovementioned characteristics of drilling a well Eventually we get a shortlist and go to the market to close the best fit for purpose rig contract The fifth step is the huge logistics framework that surrounds a drilling operation to ensure it goes smoothly and most important of all for safety to prevail The sixth step is to plug and abandon the well gladly strict regulations have been put in place to ensure industry best practices are always followed Last but not least the seventh step encompasses all of the previous six which is to assess and mitigate the environmental impact of all the operations Safety is from the beginning until the end of oil and gas drilling the n 1 priority About the Expert I am a Mechanical Petroleum Engineer dual masters with five years of work experience always representing the same O G company and doing so in four different countries Portugal Namibia Morocco and Brazil I am fluent in four languages Portuguese English Spanish and French The international experience during my childhood where I lived in Italy Brazil and Argentina other than Portugal aided me in thinking out of the box The two exchange programs I participated in Sweden and Argentina reinforced this situation and helped me understand that an international environment incorporated with strong teamwork is definitely the key to success Travelling is one of my big passions I have travelled a lot during my childhood and I have travelled a lot for my job Luckily I also have a competition with my wife which is to visit all the countries in the world we are passed the sixty countries and we want to reach the seventy countries mark ASAP HowExpert publishes quick how to guides on all topics from A to Z by everyday experts
