Story of Sociology Gregor McLennan,2011-03-15 A brilliant synthetic essay of theoretical importance in its own right Jeffrey C Alexander Yale University USA McLennan takes us on an absorbing journey that will provide illumination to newcomers to sociology and seasoned veterans alike This is a fascinating version of the story so far and an expansive vision of the road ahead Rob Stones University of Essex UK What does sociology involve How did its key concepts and perspectives develop What is the scope and relevance of sociology today These are the fundamental questions that motivate every new and returning student of sociology and they lie at the heart of this unique book Situating sociology within the wider context of social theory *Story of Sociology* takes us from the intellectual tensions of Enlightenment thought through the American dominated twentieth century to the latest debates in the discipline Accessible and inspiring succinct yet challenging this book is an ideal companion to any introductory sociology or social theory course This is an excellent short introduction to sociological theory superbly capturing the dilemmas of sociological argument as well as its different traditions and sensibilities John Holmwood University of Nottingham UK *Story of Sociology* is more than a simple history it is a compelling invitation to enter the sociological imagination Extraordinary in its scope and clarity this book links current departures to enduring themes and captures the dynamic positioning of sociology in the contemporary age Lisa Adkins University of Newcastle Australia

Social Structure and Social Interaction Readale Collier,2018-07-28 The question needs to ponder over as we have entered in the new millennium On what way we are going What is the nature of social transformation What socio economic forces and value systems are emerging in the country Keeping in view the expected

consequences of socio economic development as an instrument of change in the structure and culture the present book mainly deals with Social Structure and Social Interaction This book provides valuable insights into social structure and change in a complex society Well researched and lucidly written this volume will be widely welcomed by all those involved in the study of sociology social anthropology and social change This book is of great help and utility to all those who are interested in knowing the changing social structure **Social Control and Social Change** Liddell Henry,2019-08-24

Socialization is predominately an unconscious process by which a new born child learns the values beliefs rules and regulations of society or internalizes the culture in which it born Social control is described in detail at the end of the book It is intended as a book for undergraduate and postgraduate students of sociology and a reference tool to the researchers and academic professionals this comprehensive and well structured book presents in a systematic way the Social Control and Social Change The book is undoubtedly a valuable asset for the students researchers as well as teachers of sociology In addition general readers concerned with social aspects and social progress will find it extremely informative Gender Development & Globalization Terryl Blackwell,2018-06-18 Gender Development and Globalization is the leading primer on global feminist economics and development Gender is a development issue because social considerations are not easily incorporated into institutions such as policies regulations markets and organizations This process is often referred to as the mainstreaming of gender in development institutions Women are often in a disadvantaged position in terms of access to assets services information and formal decision making status Gender equality is considered a critical element in achieving Decent Work for All Women and Men in order to effect social and institutional change that leads to sustainable development with equity and growth Gender equality refers to equal rights responsibilities and opportunities that all persons should enjoy regardless of whether one is born male or female Gender developmental scientists are concerned with age related changes in gender typing and more broadly with many issues about the emergence and patterning of gendered behaviors and thinking Description of these changes is vitally important as it informs theoretical approaches to gender development Using a broad lens on age related changes provides important information describing how development occurs but shorter time frames are also useful for identifying processes that may underlie developmental patterns Gender has been increasingly acknowledged as a critical variable in analysis and development planning Gender is an expression of power in social relationship between men and women The book will be very useful to academicians researchers planners students NGOs civil societies and all those who are interested in women studies in general and gender issues in contexts in particular **Social Exclusion and Social Inclusion** Ka'ron Benson,2018-12-16 In the last couple of years there has been a spurt of growing interest in and awareness about questions of social exclusion and inclusion While the nature of exclusion in India has centered around the caste system other disadvantaged groups such as tribal women and poor have also suffered from similar disabilities Their politics of exclusion and inclusion censure and celebration show that they wish to be a part of the so called mainstream

academic discourse yet cannot be The objective of this book is to discuss about social exclusion arising out of institutions of caste and gender and the inclusive policies designed for them This book makes a comprehensive analysis on the thematic issues identified for this seminar within the frame work of human rights education The recommendations made through this book are expected to influence the policy of inclusive growth within the broad frame work of human rights education This book is expected to fulfill the teaching research and extension needs of academics research scholars students pursuing subject like sociology anthropology social work history economics political science rural development women studies futurology public administration etc

The British National Bibliography Arthur James Wells, 2002 *Bibliographic Index*

, 2006 **Contemporary Sociological Theory** Jonathan H. Turner, 2012-09-20 Written by award winning scholar Jonathan Turner Contemporary Sociological Theory covers the range of diversity of theory in nine theoretical traditions and variants of theoretical approaches in these traditions The result is a comprehensive review of present day theorizing in sociology covering functional evolutionary ecological conflict interactionist exchange structuralist cultural and critical theories and the major proponents of these theories Moreover for each theoretical tradition its origins are examined in a separate chapter with an eye to how classical theorists influenced the work of key contemporary scholars This book will serve as a valuable resource for those readers seeking in depth and comprehensive coverage of contemporary traditions in their historical contexts Unlike many texts coverage is comprehensive and deep The theories and their origins are examined in detail so that readers can fully understand the origins and present profile of theories in present day sociology Unlike many texts that skim over theories on the surface this book seeks to unlock for the reader their underlying structure of each theory The book is written in a modular format so that theories and traditions can be examined in any order and in many diverse combinations If desired only the contemporary theories can be read without attention to their historical contexts or the reverse is true if readers want to understand the historical origins of a particular theoretical tradition Since Jonathan Turner is an active theorist in his own right he brings to the book an appreciation of how theories are created as an insider rather than as only a commentator on theory As such he is able to bring out the underlying assumptions structure and form of a theory in new and interesting ways for casual readers and scholars alike
