Commander's Intent

MCMAP is an integrated weapons based system that incorporates the full spectrum of the force continuum on the battlefield and contributes to the mental character and physical development of Marines. It is the intent that MCMAP enhances the transformation from civilian to Marine by capitalizing on the zeal of entry level training and developing the Marine ethos in a progressive manner throughout a Marine's career.

Concept of operations

a All Marines regardless of age grade or sex must perform MCMAP qualifications

b Commanders shall conduct MCMAP training in accordance with the instructions contained

e The prescribed minimum requirements of this Order should not be interpreted as limiting the commander. Commanders are encouraged to conduct additional MCMAP training in a progressive safe manner to enhance unit performance and fitness levels of Marines.

The Marine Corps Martial Arts Program

MCMAP is a combat system developed by the United States Marine Corps to combine existing and new hand to hand and close quarters combat techniques with morale and team building functions and instruction in the Warrior Ethos.

The program which began in 2001 trains Marines and U S Navy personnel attached to Marine units in unarmed combat edged weapons weapons of opportunity and rifle and bayonet techniques. It also stresses mental and character development including the responsible use of force leadership and teamwork.

The program uses an advancement system of colored belts similar to that of most martial arts. The different levels of belts are:

- Tan belt: the lowest color belt and conducted during entry level training signifies the basic understanding of the mental physical and character disciplines. It is the minimum requirement of all Marines with a training time of 27.5 hours and has no prerequisites. Recruits receive these belts after completion of a practical application test on all of the basic techniques of the Tan Belt.
- Gray belt: is the second belt attained after 25 hours of training. It signifies an intermediate understanding of the basic disciplines. The Marine must complete the Leading Marines course from the Marine Corps Institute and most instructors will require a report be completed on the Marine Raiders.
- Green belt: is the third belt requiring 25 hours of training. This belt signifies understanding of the intermediate fundamentals of the different disciplines. This is the first belt level in which one can become an instructor which allows him or her to teach tan grey and green belt techniques with the power to award the appropriate belt. The prerequisites for this belt include a recommendation from reporting senior.
- Brown belt: is the fourth belt level requiring 33 hours of training. It introduces Marines to the advanced fundamentals of each discipline. In addition as with green belts they may be certified as MAIs and teach tan through brown techniques. Prerequisites for this belt include recommendation of reporting senior.
- Black belt 1st degree: is the highest belt color and requires 40 hours of supervised training. It signifies knowledge of the

advanced fundamentals of the different disciplines A 1st degree black belt instructor may teach fundamentals from tan to black belt and award the appropriate belt In addition a black belt can become an instructor trainer which authorizes *The Marine Corps Martial Arts Program* United States Marine Corps, Marine Corps Reference Publication MCRP 3 02B Marine Corps Martial Arts Program MCMAP is designed for Marines to review and study techniques after receiving initial naming from a certified Marine Corps martial arts instructor or martial arts instructor trainer It is not designed as a self study or independent course The true value of Marine Corps Martial Arts Program is enhancement to unit training A frilly implemented program can help instill unit esprit de corps and help foster the mental character and physical development of the individual Marine in the unit This publication guides individual Marines u leaders and martial arts instructors instructor trainers in the proper tactics techniques and procedures for martial arts training MCRP 3 02B is not intended to replace supervision by appropriate unit leaders and martial arts instruction by qualified instructors Its role is to ensure standardized execution of tactics techniques and procedures throughout the Marine Corps Although not directive this publication is intended for use as a reference by all Marines in developing individual and unit martial arts programs For policy on conducting martial arts training refer to Marine Corps Order 1500 59 Marine Corps Martial Arts Program MCMAP WARNING Techniques described in this manual can cause serious injury or death Practical application in the training of these techniques will be conducted in strict adherence with training procedures outlined in this manual as well as by conducting a thorough operational risk assessment for all training
