Beginners Guide To Using A Mac:

A Beginners Guide to Using Mac OS X (10.10) Yosemite Katie Morris, 2014-10-28 Apple Maps Robert Downey Jr Detroit These are a few examples of great things that just needed some hard work and a fresh look to really explode After OS X Mavericks was met with indifference many worried that future OS X updates would continue to be a steady stream of minor upgrades and tweaks Continuing the new naming convention of Californian locations the new iteration will be dubbed Yosemite after California s beloved national park with no relation to a certain Looney Tunes character With OS X Yosemite Apple is showing the world that OS X is not doomed to incremental upgrades and diligently went through everything feature by feature pixel by pixel to create a totally new and improved makeover for an old friend If you ve used any OS X version before there s no way you ll feel totally lost as you forage through Yosemite but your computer will definitely look and feel like a brand new system There are many new changes both aesthetic and mechanical and this guide will take you through it all whether you re an OS X spring chicken or a grizzled Mac veteran If this is your first Apple computer congrats on making the jump by the way we will also detail how to switch everything over from your old PC and show you the differences between Windows and Mac If you are ready to learn the ins and outs of OS X Yosemite grab a fresh cup of coffee decaf if it s late and let s get to work *The Complete Beginners Guide to Mac OS X El Capitan* Scott La Counte, 2015-10-10 Whether you are a new convert to Mac still thinking about making the switch or just want to learn more about Macs this book will guide you through the Mac OS and help you see how making the switch really isn t the great leap that you once thought it was While this book was written for anyone new to Mac it is especially geared for people who are switching to Mac from Windows This book will show you the basics and show you how to do the common day tasks you know on Windows like right clicking It will also show you how to get your Mac in sync with your iPad or iPhone and how to do everyday tasks like change background find files and performance tweaks to keep your Mac running like new Please note while every effort has been made to ensure accuracy this book is not endorsed by Apple and should be consider unofficial *My First MacBook / MacBook Air* Andie Campbell, Gadchick, 2012-12-19 You bought a Mac Let me be the first to tell you your day is about to get much MUCH easier But before we get there there s a bit of light house keeping Yeah yeah yeah that s all fine and good but when do you get to play with your new machine Mac s are great they are powerful streamlined and easy as heck to use but your files They re still on a PC and like it or not you just spent 20 years using Windows so there are some adjustments to make Before you can show off your slick new Macbook Air or brag about how much faster your machine boots up or how you can find a file in like three seconds you need to make the transition That s what we re about to do The accessories The Apps The file transfer In the pages that follow you ll learn all the stuff that matters none of the stuff that doesn t and be ready to flash that shiny new Apple logo at your local coffee shop with pride **The Complete Beginners Guide to MAC OS** Scott La Counte, 2017-10-11 Every year or so you hear the big pitch Windows is finally going to be awesome again The new update

is big grander and a huge overhaul And then it comes and it s more buggy weirder and less functional than the version that came before That s probably what made you consider making the switch you re tired of the excuses and you want a computer that just works Whether you are a new convert to Mac still thinking about making the switch or just want to learn more about Macs this book will guide you through the Mac OS and help you see how making the switch really isn t the great leap that you once thought it was This book will show you the basics and show you how to do the common day tasks you know on Windows like right clicking It will also show you how to get your Mac in sync with your iPad or iPhone and how to do everyday tasks like change background find files and performance tweaks to keep your Mac running like new This book is based off of OS High Sierra released September 25 2017
