The Complete Guide to Divorce Law Nihara K. Choudhri, 2004 Divorce in the United States is becoming more prevalent than ever More than 2 3 million Americans divorce each year and half of all marriages and 60% of all remarriages end in divorce And the costs of ending a marriage both financial and emotional are staggering the most conservative estimated cost of divorce is 15 000 and average legal fees range from 20 000 to 30 000 And with most lawyers fees reaching 300 or more an hour there is a widespread need for accessible inexpensive and trustworthy information on all aspects of divorce The Complete Guide to Divorce Law provides readers who have no legal background with a detailed explanation of divorce law in each of the 50 states which will help to minimize these legal fees and some of the emotional trauma that accompanies a divorce For a fraction of the cost of an hour with their divorce lawyer legal expert Nikara Choudri provides an easy to understand explanation of legal rules governing alimony child support child custody and visitation Now everyone going through a divorce will learn the requirements for filing for divorce how divorce courts divide property the qualifications for alimony and how much child support will be required in a specific case From the basic subjects like determining the grounds for divorce to complex topics like pensions stock options and professional licenses and degrees Choudri offers sound step by step advice that will help those contemplating the dissolution of a marriage to negotiate a settlement directly with a spouse as well as helping them to determine whether they can reach an out of court settlement With chapters on such topics ranging from transmutation to drafting an out of court agreement this is an invaluable guide that will help everyone make informed rational decisions while coping with the difficult issues that can arise in a heated divorce The Complete Guide to Divorce Practice Larry Rice, 2005 This book is so easy to use It is arranged in the natural order of the divorce experience It starts with the clients follows through with the interview proceeds through trial and ends with prenuptial agreements *Searching the Law, 3d Edition* Frank Bae, Edward Bander, Francis Doyle, Joel Fishman, Paul Richert, 2021-12-13 **The Complete Guide to Protecting Your Financial Security When Getting a Divorce** Alan Feigenbaum, Heather Linton, Heather Smith Linton, 2004-04-16 Presents information on securing your financial future when considering a divorce *Divorcing* Melvin M. Svengalis, Rhode Island Law Press, 2005-06-15 Her Neighbor's Wife Lauren Jae Gutterman, 2019-11-01 At first glance Barbara Kalish fit the stereotype of a 1950s wife and mother Married at eighteen Barbara lived with her husband and two daughters in a California suburb where she was president of the Parent Teacher

Association At a PTA training conference in San Francisco Barbara met Pearl another PTA president who also had two children and happened to live only a few blocks away from her To Barbara Pearl was the most gorgeous woman in the world and the two began an affair that lasted over a decade Through interviews diaries memoirs and letters Her Neighbor's Wife traces the stories of hundreds of women like Barbara Kalish who struggled to balance marriage and same sex desire in the postwar United States In doing so Lauren Jae Gutterman draws our attention away from the postwar landscape of urban gay bars and into the homes of married women who tended to engage in affairs with wives and mothers they met in the context of their daily lives through work at church or in their neighborhoods In the late 1960s and 1970s the lesbian feminist movement and the no fault divorce revolution transformed the lives of wives who desired women Women could now choose to divorce their husbands in order to lead openly lesbian or bisexual lives increasingly however these women were confronted by hostile state discrimination typically in legal battles over child custody Well into the 1980s many women remained ambivalent about divorce and resistant to labeling themselves as lesbian therefore complicating a simple interpretation of their lives and relationship choices By revealing the extent to which marriage has historically permitted space for wives relationships with other women Her Neighbor's Wife calls into question the presumed straightness of traditional American marriage
