

Chapter 9

Problem I

1. Jollibee has substantially performed all material services, the refund period has expired, and the collectibility of the note is reasonably assured. Jollibee recognizes revenue as follows:

Cash.....	240,000	
Notes receivable.....	600,000	
Franchise revenue.....		840,000

2. The refund period has expired and the collectibility of the note is reasonably assured, but Jollibee has not substantially performed all material services. Jollibee does not recognize revenue, but instead recognizes a liability as follows:

Cash.....	240,000	
Notes receivable.....	600,000	
Unearned franchise revenue.....		840,000

Franchisor will recognize the unearned franchise fees as revenue when it has performed all material services, the adjusting entry to record the revenue then would be:

Unearned franchise revenue.....	840,000	
Franchise revenue.....		840,000

3. Jollibee has substantially performed all services and the collectibility of the note is reasonably assured, but the refund period has not expired. Jollibee does not recognize revenue, but instead recognizes a liability as follows:

Cash.....	240,000	
Notes receivable.....	600,000	
Unearned franchise revenue.....		840,000

The franchisor will recognize the unearned franchise fees as revenue when the refund period expires, the adjusting entry to record the revenue then would be:

Unearned franchise revenue.....	840,000	
Franchise revenue.....		840,000

4. Jollibee has substantially performed all services and the refund period has expired, but the collectibility of the note is not reasonably assured. Jollibee recognizes revenue by the installment or cost recovery method. If we assume that Jollibee uses the installment method, it recognizes revenue of P240,000 as follows:

Cash.....	240,000	
Notes receivable.....	600,000	
Franchise revenue.....		240,000
Unearned franchise revenue.....		600,000

The franchisor is using the installment method, it recognizes the unearned franchise fees as revenue in the amount of P120,000 each year as it receives cash assuming there is no cost of franchise, the entry would be as follows:

Unearned franchise revenue.....	120,000	
Franchise revenue.....		120,000

Chapter 9 Advanced Accounting Solutions:

Offshore Financial Centers, Accounting Services and the Global Economy Don E. Garner, David L. McKee, Yosra AbuAmara McKee, 2000-07-30 The new global climate of free enterprise has brought with it a proliferation of offshore financial centers that presumably have important roles to play in the emergent global economy The air of secrecy that appears to pervade the activities of offshore financial centers may well slant or obscure any real understanding of the functions of such centers The authors investigate the role of major international accounting firms and their services in the processes of business facilitation in the locations that host these centers By focusing the investigation upon the role of the accounting firms in offshore financial centers the authors gain a better grasp of the real or potential impacts of the firms in the global economy and in the jurisdictions that host them Not only do the authors provide a detailed assessment of what the major accounting firms are actually doing in the centers but they point out what attributes are needed by jurisdictions hoping to succeed as offshore financial centers The centers included are Antigua Barbuda the Bahamas Barbados Bermuda the Cayman Islands the Channel Islands the Isle of Man Gibraltar Malta Cyprus Bahrain the United Arab Emirates Mauritius the Seychelles Singapore and Vanuatu The authors describe the legal and institutional environments facing business operations in general and the accounting firms in particular in offshore financial centers By studying these operations it should show what they are doing in terms of facilitating the international activities that flow through such centers It should also add to the understanding of the potential that offshore activities have as vehicles for development in small emerging economies This study should be of interest to a wide range of business disciplines as well as governmental agencies in advanced and emerging nations international agencies such as regional development banks and accountants and the international financial community
