capitalism would dictate the way of life for most people including the diet The consequences of this counterfeit diet did not reflect immediately on him until his university years when he started developing complications He was diagnosed with a degenerative bone disorder and degenerative disk disease at the age of 20 Every physician he visited sadly informed him that his only hope was to live on pain meds and survive with his 80 year old like bones until his body gave up In other words all hope seemed lost for him But wait a minute He realized the mistake he had made All along he had entrusted his life and health to the hands of doctors who did not necessarily know it all since they were not in his shoes It was time to take back power and begin searching for answers himself The tremendous response he got that has led him to this very moment is we are what we eat Food enables us to do everything including the formation of cells brain development processing our thoughts feelings and emotions and every other body process you can conceive What s more the food doesn t have to be bitter to be better as most people like to claim Shawn presents us with a curious and intriguing thought Perhaps pleasure in food has been a missing ingredient for most diets resulting in a loss of crucial nutritional benefits Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book

and facing huge debt from a failed business He is hoping he can get past the stockbroker training and start making as much as the brokers that are surrounding him even more than Scott As Jordan sits down to wait for the markets to open he is greeted by the firm's most successful broker Mark Hanna Mark is already impressed with Jordan who had started to pitch stock advice already at his job interview Mark advises Jordan to take plenty of breaks during the day and to take cocaine to help him dial faster At 9 30am the markets open and Jordan begins his first day on Wall street The noise in the room is deafening as stocks are sold over the phone to some of the wealthiest people in the USA Jordan is exhausted by the time he is allowed to take a lunch break Mark Hanna has noticed the high number of calls Jordan had passed to him during the morning As a sign of gratitude he invites the connector to join him for lunch in the penthouse restaurant Mark doesn't eat anything He just drinks hard liquor and snorts cocaine He offers both to Jordan When the new recruit politely declines Mark assures him that eventually Jordan will be using these vices to get through the day In a few years he will have been correct Jordan will be making even more than Mark did now and employing many of the brokers that worked for LF Rothschild This book is a reconstruction of a wild ride that occurred in Wall street history It is told through the internal voice which Jordan often speaks of in the book The voice is often how he justified many of the manipulative and self serving behaviors in which he engages Jordan grew up in middle class Queens New York He wants the reader to know that he was not brought up to behave the way he did during the 80s and 90s Today he is a loving father committed to his children He hopes that his serves as a cautionary tale to anyone who considers misusing their talents for greedy and evil purposes
