## Chapter Discussion Questions Rutgers:

**Latinx Experiences** Maria J. Villaseñor, Hortencia Jimenez, 2023-07-12 This reader introduces students to the variety and complexity of Latinx experiences in the U S and prepares them for further study in this interdisciplinary field The opening essay written by the editors offers a broad overview of the approximately 59 million people in the U S who identify as Hispanic The rest of the book will consist of contributed essays from Latina o Chicana o scholars on a range of subjects including immigration citizenship and deportation racial identities political participation and power educational and economic achievement family religion media and popular culture Although the essays are written for lower division undergraduates they reflect many of the leading theoretical and methodological approaches in the field The essays are unified by an intersectional approach demonstrating how experiences and life chances of Latinxs are also shaped by gender social class sexuality age and citizenship status

**Children's Reasoning While Building Fraction Ideas** Carolyn A. Maher, Dina Yankelewitz, 2017-06-10 This book may be used for research graduate and undergraduate teacher education and teacher development It presents an integrated set of studies of a heterogeneously grouped class of twenty one nine year olds engaged in exploring fraction ideas prior to classroom instruction under conditions that supported investigation collaboration and argumentation It demonstrates with text and video narrative how young children can reason about mathematics in surprisingly sophisticated ways when provided the opportunity to do so in the proper classroom environment In this volume fourth grade students reasoning about fraction concepts is described through careful analysis and accompanying video excerpts showcasing the variety and originality of their thinking These children will serve as an inspiration for educators to encourage the development of reasoning and argumentation in their students as part of a mathematics curriculum designed to produce critical thinkers
