Chapter Questions Things Fall Apart:

A Short History of Chinua Achebe's Things Fall Apart Terri Ochiagha, 2018-11-12 The publication of Chinua Achebe's *Things Fall Apart* 1958 is heralded as the inaugural moment of modern African fiction and the book remains the most widely read African novel of all time. Translated into dozens of languages it has sold more than twelve million copies and has become a canonical reading in schools the world over. While *Things Fall Apart* is neither the first African novel to be published in the West nor necessarily the most critically valued, its iconic status has surpassed even that of its author. Until now, in the sixtieth anniversary year of its publication, there has not been an updated history that moves beyond the book's commonly discussed contexts and themes. In the accessible and concise *A Short History of Chinua Achebe's Things Fall Apart*, Terri Ochiagha provides that history, asking new questions and bringing to wider attention unfamiliar but crucial elements of the *Things Fall Apart* story. These include new insights into questions of canonicity and into literary historiographical and precolonial aesthetic influences. She also assesses adaptations and appropriations not just in films but in theater, hip hop, and popular literary genres such as *Onitsha Market Literature*.

Celebrating the 60th Anniversary of 'Things Fall Apart' Désiré Baloubi, Christina R. Pinkston, 2020-12-10 This book celebrates Chinua Achebe, one of the most profound and famous African writers of our time, and his widely read masterpiece *Things Fall Apart*. The novel remains a must-read literary text for reasons the many contributors to this book make clear in their astute readings. Their perspectives offer thought-provoking and critically insightful considerations for scholars of all ages, cultures, and genders.

The representation of gender in the novel "Things Fall Apart" by Chinua Achebe Nicole Piontek, 2022-01-24 Seminar paper from the year 2021 in the subject American Studies Literature grade 2.0 University of Bonn Institut für Anglistik Amerikanistik und Keltologie course Postcolonial Literatures and Cultures language English abstract This paper is going to argue whether Achebe's novel *Things Fall Apart* illustrates an Ibo society with socially constructed gender roles. Male dominance and supremacy are visible throughout the whole novel, just as the subordination and discrimination of the female gender. Moreover, the novel depicts numerous gender stereotypes which will be analysed in this paper to achieve a better understanding of the gender ideologies in Achebe's society. Strong gender roles can be seen in various situations in the life of Okonkwo, which is why this paper is going to be focussed on different aspects in the life of the protagonist of the novel. Beside the question whether *Things Fall Apart* portrays strong masculine dominance, the following questions will be answered: Are there differences in the various spaces regarding gender roles in the novel? Is there an aspect

in Ibo's society in which the subordination of women is broken. These questions allow the paper to take female rebellion into consideration and to keep the analysis open to a variety of readings of the novel without purely focussing on the reader's first impression of the dominance of manhood.

The Fiction of Chinua Achebe Jago Morrison, 2009-07-23 Since the emergence of *Things Fall Apart* in 1958 Chinua Achebe has come to be regarded by many as the Godfather of modern African writing. Over 150 full length studies of his work have been published together with many hundreds of scholarly articles. This Reader's Guide enables students to navigate the rich and bewildering field of Achebe criticism setting out the key areas of critical debate the most influential alternative approaches to his work and the controversies that have so often surrounded it. The Guide examines Achebe's key novels with the main focus on *Things Fall Apart* and also discusses his less well known short fiction. Including discussion of important Nigerian scholarship that is often inaccessible this is an invaluable introduction to the work of one of Africa's most important and popular writers.

Postcolonial Imaginations and Moral Representations in African Literature and Culture Chielozona Eze, 2011-12-16 The postcolonial African culture as it is discoursed in the academia is largely influenced by Africa's response to colonialism. To the degree that it is a response it is to considerably reactive and lacks forceful moral incentives for social critical consciousness and nation building. Quite on the contrary it allows especially African political leaders to luxuriate in the delusions of moral rectitude imploring at will the evil of imperialism as a buffer to their disregard of their people. This book acknowledges the social and psychological devastations of colonialism on the African world. It however argues that the totality of African intellectual response to colonialism and Western imperialism is equally if not more damaging to the African world. In what ways does the average African leader indeed the average African judge and respond to his world? How does he conceive of his responsibility towards his community and society? The most obvious impact of African response to colonialism is the implicit search for a pristine innocent paradigm in for instance literary philosophical social political and gender studies. This search has its own moral implication in the sense that it makes the taking of responsibility on individual and social level highly difficult. Focusing on the moral impact of responses to colonialism in Africa and the African Diaspora this book analyzes the various manifestations of delusions of moral innocence that has held the

African leadership from the onerous task of bearing responsibility for their countries it argues that one of the ways to recast the African leaders responsibility towards Africa is to let go on the one hand the gaze of the West and on the other of the search for the innocent African experience and cultures Relying on the insights of thinkers such as Frantz Fanon Wole Soyinka Kwame Anthony Appiah Achille Mbembe and Wolfgang Iser this book suggests new approaches to interpreting African experiences It discusses select African works of fiction as a paradigm for new interpretations of African experiences

Postcolonial Imagination and Moral Representations in African Literature and Culture Chielozone Eze, 2011-01-01

Following in the footsteps of Chinua Achebe's *Things Fall Apart* the tenor of the postcolonial African culture has been justifiably anti imperialist In the 21st century however there has been a gradual but certain shift away from the write back discourse paradigm towards more integrative globally inflected cultural interpretive models in Africa This book celebrates the emergence of new interpretive paradigms such as in African philosophy gender studies and literature

Pabel, 2011 Bachelor Thesis from the year 2011 In both Chinua Achebe's *Things Fall Apart* and Witi Ihimaera's *The Whale Rider* indigenous identity is a central topic Yet it is challenged by the advent of colonization or in the latter case by the fusion of ancient tradition and modernism As such the aim of this paper is to analyse the literary representation of indigeneity in these novels using Stuart Hall's dual definition in order to show how indigenous identity develops at the backdrop of colonization and what this means for the concept of identity in a postcolonial context *Things Fall Apart* Chinua

of poverty in Nigeria is paradoxical because the country is one of the biggest oil producing countries in the world A 1999 World Bank report for instance showed that some 70 per cent of the population lives below the bread line usually considered as living on less than US 1 00 a day This raises a number of very important questions What are really responsible for the wide prevalence of poverty in Nigeria in the midst of plenty How is poverty manifested in the country What alleviation strategies are in place How effective are they And what are the implications of all these for the country s democracy project political stability nation building and development discourse Contributors to this volume address these questions and provide insights into some of the central issues in the discussion of poverty including how the poor themselves struggle to cope or adapt to their condition Using multidisciplinary perspectives the contributors critique the current alleviation strategies and recommend more viable and better targeted approaches that will sharply reduce the incidence of poverty in Nigeria
