Book Description

Do you aspire to be a successful Salesforce administrator or consultant? If yes, then this step-by-step guide is for you. Written by certified Salesforce professionals, the *Salesforce CRM Administration Handbook* will take you through the intricacies of Salesforce, covering objects, records, automation, and much more, while also prepping you for the Salesforce certification exam.

Starting with an overview of the capabilities and limitations of Salesforce, you'll progress toward a holistic understanding of system architecture with real-world examples, including workarounds that enable the successful completion of projects. As you delve deeper, you'll learn about the fundamental concepts of a CRM system, its purpose, and the pivotal role of an administrator in the Salesforce lifecycle. You'll also explore the basic structures of the entire Salesforce system and navigate confidently through the intricacies of security, automation, and reporting in the Sales Service Cloud. By the end of this book, you'll have the confidence you need to navigate Salesforce's backend, seamlessly implement configuration changes, effortlessly, and communicate fluently in Salesforce terminology.

What you will learn:

- Discover strategies to stay up-to-date with Salesforce releases.
- Integrate Salesforce products seamlessly to meet diverse business needs.
- Explore Sales and Service Cloud and its transformative impact on sales and customer support operations.
- Master opportunity management for successful deal closures and pipeline forecasting.
- Understand Salesforce Orgs, managing users, settings, and customization.
- Explore data import and export methods and data mapping.
- Discover best practices, mock tests, and valuable tips and tricks to prepare for Salesforce certification.

Who this book is for: This book is for aspiring Salesforce administrators and consultants looking to build a solid foundation in Salesforce products, system setup, and customization, as well as advance their careers within the Salesforce ecosystem. It's also a great resource for those preparing to take the Salesforce ADM 201 certification exam, as it serves as an excellent supplement to the existing learning materials.

Rethinking Language Education in the Age of Generative AI

Zhongfeng Tian, Chaoran Wang, 2025-05-20

Rethinking Language Education in the Age of Generative AI bridges the gap between theory, research, and practice in AI and language education. Through conceptual pieces, empirical studies, and practical applications, this book provides critical insights and implications for reimagining language education in the age of generative AI. The contributors explore a wide range of issues, reflections, and innovations in AI and language education across diverse contexts, including English as a Second Language (ESL), English as a Foreign Language (EFL), foreign language learning, postsecondary pathways, programs for international students, and language teacher education programs. Topics examined include critical AI literacy, GenAI-informed second language teaching and assessment, teacher and student perceptions, tool development for language learning, as well as ethical considerations, policies, and guidelines. The book

incorporates interdisciplinary perspectives such as L2 foreign language studies education and applied linguistics as well as global insights from countries like the United States Canada South Korea Thailand Indonesia and the Philippines This book is essential for students and researchers seeking to leverage AI to enhance language teaching and learning in innovative critical ethical and responsible ways
