Students in grade 3 will learn to comprehend and analyze any reading passage after completing the activities in Jacob's Ladder Grade 3 2nd ed previously published as Level 1. Using skill ladders connected to short stories, poetry, essays, and nonfiction, students move from lower order concrete thinking skills to higher order critical thinking skills. The ladders include multiple skills necessary for academic success covering language arts standards such as sequencing, determining cause and effect, classifying, inferencing, and recognizing main ideas. The second edition of the book builds off the previous Level 1 edition, including new readings and ladders for student use. This book provides teachers with an explanation of the nature of supplementary tasks that scaffold reading comprehension. Also included is an overview of the goals and objectives of the Jacob's Ladder tasks and suggestions for implementation, giving every teacher the tools needed to promote successful reading comprehension. Optional Student Workbook Packs. In addition to this teacher's guide, companion student workbooks are available for Poetry, Short Stories, and Nonfiction.
