Simpsonology Tim Delaney, 2009-12-02 In this amusing and informative appreciation of The Simpsons sociologist Tim Delaney looks at the many ways America's longest running sitcom and animated TV program reflects American culture For more than fifteen years the Simpsons have touched upon nearly every aspect of the American social scene from family dynamics and social mores to local customs and national institutions With over four hundred episodes aired so far Delaney finds a goldmine of insights couched in parody on any number of perennial topics On television's influence on American culture Krusty the Clown says Would it really be worth living in a world without television I think the survivors would envy the dead On New Age religion Homer says To think I turned to a cult for mindless happiness when I had beer all along On the thorny issue of gun ownership and home security Homer purchases a pistol at Bloodbath and Beyond and then tells Marge I don't have to be careful I got a gun On the theme of community spirit Bart thoughtlessly signs up with a local Boy Scout troop while on a sugar rush from eating a Super Squishee The next day he realizes what he has done Oh no I joined the Junior Campers To which his sister Lisa responds The few the proud the geeky Delaney finds many more episodes relevant to major sociological issues such as environmentalism feminism romance and marriage politics education health
